No. 527. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Camp, Arnee, 13th October 1866, No. 2,602:—

Read the following letter from the Executive Engineer, Presidency, No. 1 or Northern Range, to the Superintending Engineer, 4th Division, dated Fort Saint George, 21st September 1866, No. 527.

1. You will observe from the enclosure that double horse allowance to Táluq Overseer Annathoray, Northern Range, is now disallowed by the Controller. I fail to comprehend the weight of the grounds adduced in support of the objection.

2. To deal with plain facts, however, it is utterly impossible for the man to do his work, as you are doubtless aware, unless he be provided with at least double horse allowance. There is no shadow of a doubt about this, and it was (if I may transgress the usages of official correspondence so far) on the condition that this man should draw "treble" horse allowance, that I was content to dispense with the services of Overseer Davasegamoney.

3. Under the above circumstances, I have the honor to request you will use your best endeavours to obtain sanction at least for double horse allowance for Táluq Overseer Annathoray.

1. Submitted to Government for favorable consideration.

2. In G. O. No. 3,570, dated 24th November 1865, the Government were pleased to authorize the Controller to pass to Overseer P. Annathoray Putten double horse allowance while performing the duties of Overseer T. Davasegamoney Moodelly in addition to his own.

1 Letter from the Executive Engineer, Presidency, No. 1 or Northern Range, No. 527, dated 21st September 1866, with its accompaniment.

The latter Overseer has now been permanently transferred to another Division, and the two charges have in consequence been reduced to one. The Controller of Public Works Accounts has declined to pass the double allowance to Annathoray from the 25th July 1866, the date on which Davasegamoney returned to duty and was transferred, but the fact of the two charges having been made into one has not lessened the work to be performed, and the necessity that existed during the absence on leave of Davasegamoney for granting double allowance to Annathoray still exists.

(Signed) A. J. M. BOILEAU, Colonel, R. E.,
Superintending Engineer, 4th Division.

No. 528. ORDER THEREON, 22nd October 1866, No. 3,373.

ESTABLISHMENT, No. 46.

The grant of double horse allowance to Táluq Overseer Annathoray Putten was sanctioned in the Proceedings of Government, No. 3,570, dated 24th November 1865, in consequence of the extended charge of that subordinate and not simply because of the absence of Overseer Davasegamoney. The duties of the former being now precisely the same as they were when the Orders above quoted were issued, the Controller's objection to pass to him double horse allowance after the 26th July last is groundless.

Sir,

You will observe from the enclosure that double horse allowance to Talook Overseer Annathaiya Northern Range, is now disallowed by the Controller. I fail to comprehend the weight of the grounds adduced in support of the objection.

2d To deal with plain facts, however it is utterly impossible for the man to do his work, as you are doubtless aware, unless he be provided with at least double horse allowance. There is no shadow of a doubt about this, and it was {if I may transgress the usages of Official correspondence so far} on the condition that this man should draw "treble" horse allowance that I was content to dispense with the Services of Overseer Dawidsingamoney.
