Proceedings of the Madras Government, Public Works Department, 24th October 1866.

No. 581. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Camp, Rajahnagrum, 10th September 1866, No. 109 :—

1. Referring to G. O. No. 2,819, of the 4th instant, I have the honor to request that you will furnish me with a copy of the plan of Hospital for Central Jail. I have only the standard plan, which just before I left Coimbatore I heard had been changed, so as to allow of special and ordinary cases being separated. In Coimbatore two blocks were assigned, but I have just received a letter from the Inspector General of Jails, in which he informs me that all are under the same roof.

2. I shall be obliged by an early reply to this, as a gang of Convicts have been taught building, and have nearly finished a new Barrack, on the completion of which I should wish to employ them on the Hospital.

No. 582. ORDER THEREON, 24th October 1866, No. 3,401.

CIVIL WORKS, No. 108.

The Superintending Engineer of the 1st Division is informed that there has been no alteration in the standard plan of Hospitals for Central Jails. On reference to that plan, Colonel Moberly will observe that the accommodation to be provided should consist of three ordinary wards 48 × 18 and two special wards 24 × 18, all under one roof.
