G.O. No. <u>6406</u>	Press Mis.
Dated <u>6/10</u> 18 <u>66</u>	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
24th October 1866.*

No. 595. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Camp, Polur, 19th October 1866, No. 2,689 :—

Read the following letter from the Acting Executive Engineer, 4th Range, to the Superintending Engineer, 4th Division, dated Chingleput, 13th October 1866, No. 158.

With reference to your Memorandum No. 2,425, of the 29th September 1866, I have the honor to inform you that I accompanied the Sub-Collector this morning for the purpose of inspecting the locality in which he proposes to carry out Mr. Thomas' plan of planting river topes. The site chosen is above the reach of an ordinary flood, and if planted would not, in my opinion, interfere with the natural flow of the river. In an extraordinary flood, however, the current might root up the trees when young.

1. Submitted to Government with reference to their Order No. 3,077, 26th September 1866.

2. There is no objection, on the part of this Department, to the planting experiment proposed by the Acting Judge of Chingleput.

(Signed) A. J. M. BOILEAU, Colonel, R. E.,
Superintending Engineer, 4th Division.

No. 596. ORDER THEREON, 24th October 1866, No. 3,406.

CIVIL WORKS, No. 113.

Communicated to the Revenue Department, with reference to the Order in that Department No. 2,562, dated 22nd September 1866.

(True Extract.)

Colonel, R. E.,
Secretary to Government.

To the Revenue Department.

„ Superintending Engineer, 4th Division.
