(Signed) E. A. FOORD, Lieut.-Colonel, R. E.,
Superintending Engineer, 5th Division.

No. 654. ORDER THEREON, 29th October 1866, No. 3,436.

ACCOUNT, No. 88.

1. Communicated to the Controller of Public Works Accounts.

2. The attention of the Superintending Engineer of the 5th Division will be drawn to the following discrepancies in the Statements above recorded.

3. The supplemental estimate of Rupees 360 for a Sub-Magistrate's Cutcherry at Thittagudy in the South Arcot District, which was sanctioned in G. O. No. 3,125, dated 2nd October 1866, should have been entered in column 3.

"Bridge of 3 arches of 30 feet span across the Thumbepettah."
"Forming road and embankment on the bed of Mullataur."
"Graveling and metaling 16 miles of Trunk Road No. IX."
"Improving the road from Devattiputty on Trunk Road No. V."

4. The allotments for the works noted in the margin are Rupees 2,678, 950, 3,375, and 1,715 and not Rupees 5,900, 1,950, 5,000, and 2,000 as entered by the Superintending Engineer. See G. O. No. 3,223, dated 10th October 1866.

5. The supplemental estimate of Rupees 394 for the Jollarapett Rest House sanctioned in G. O. No. 2,680, dated 24th August 1866, and the additional allotment of Rupees 128 for that work have been inadvertently omitted by the Superintending Engineer, who should have reduced the grant for Minor New Works in Bangalore under those orders from Rupees 4,000 to Rupees 3,872.

6. The Budget grant for Repairs to Communications in the South Arcot District is Rupees 66,761 or Rupees 92 in excess of the amount entered by Colonel Foord.

7. In accordance with the sanctions conveyed in the Proceedings of Government Nos. 3,011 and 3,205, dated 19th September and 9th October 1866, and with reference to the remark in the preceding paragraph the allotment for Repairs in the undermentioned Districts should have been altered as shown opposite to each :—

South Arcot, "Civil Buildings," from Rupees 3,365 to Rupees 2,513
Do. "Communications," from ,, 66,669 to ,, 67,261
Bangalore, "Civil Buildings," from ,, 1,398 to ,, 1,750

8. The Superintending Engineer should have furnished details of the proposed reductions under the head "Repairs to Communications."

9. Colonel Foord will be careful to see that the reduced grants now at his disposal are not exceeded.

5. The Supplemental Estimate of Rupees 394 for the Jollarapett Road Metal sanctioned in G. Dec. 2 of 85, dated 24th August 1886, and the additional allotment of Rupees 128 for that work have been inadvertently omitted by the Superintending Engineer, who should have reduced the grant for Minor Imp.
