No. 664. ORDER THEREON, 29th October 1866, No. 3,441.

CIVIL WORKS, No. 126.

1. The Government approve of the Bye-laws which it is proposed to establish for the better management of the boats which ply on the canals in the Godavery and Kistna Districts, and they authorize their adoption after sufficient publicity has been given to them in such manner as the Superintending Engineers and the Collectors may conjointly determine.

2. Lieutenant-Colonel Moberly will be informed that the enforcement of the rules by a legislative enactment is unnecessary, as the only penalty imposed is the withdrawal of the license by Government to use its property.

Opinion

The rules seem to me to be very good rules. There's no necessity for a law, as the only penalty imposed is the withdrawal of the license by Government & use its property.
