No. 732. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 19th October 1866, No. 2,238:—

1. In paragraph 2 of the Rules for the safe custody of cash in the possession of Officers, &c., of the Department Public Works, forwarded with Circular No. XXXVI., of 12th August 1861, it is stated that "Cash chests may be lodged in "Táluq Treasuries for security upon application being made to that effect."

2. There has been a correspondence with the Collector of Cuddapah, who refuses to permit Lieutenant Pennefather or his Overseer to lodge their cash chests in the Táluq Cutcherries, stating "that as the cash chests of no other Range "Officers are kept in the Táluq Cutcherries, he can see no reason why an excep. "tion should be made with regard to that of the Madanapully Range;" I have the honor to request that you will inform me if the rules forwarded with Circular No. XXXVI., of 12th August 1861, are to be considered as cancelled; if not, that instructions may be issued to permit cash chests to be placed in the Táluq Cutcherries.

No. 733. Order thereon, 31st October 1866, No. 3,476.

ESTABLISHMENT, No. *66.*

Under existing rules* the Members of the Public Works Department have a right to the protection of the Police, whether táluq or village, for the Government property under their care, and they are authorized to lodge their cash chests in Táluq Treasuries for security, upon application being made to that effect. The Government cannot therefore admit the sufficiency of the reason which the Collector of Cuddapah is alleged to have urged for declining to permit Lieutenant Pennefather's or his Overseer's cash chest being so lodged in safe custody.
