PUBLIC WORKS DEPARTMENT.
FORT SAINT GEORGE,
20th August 1866.

No. 2,616.

No. 419.
To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

ESTABLISHMENT, No. 49.

1. On receipt of your letter of the 12th July 1866, No. 984 E., the Controller of Public Works Accounts was called upon to revise the scale of the salaries of his proposed enlarged Establishment, by correcting the defect pointed out by you, of the maximum salary of one grade being larger than the minimum of the grade immediately before it, and he has accordingly submitted the Statement which I am directed to forward for the sanction of the Government of India.

2. The Controller explains the principles on which he has re-classified his establishment, and states that he has been obliged to increase the aggregate minimum cost by Rupees 10; but in reality the excess is Rupees 60, as the salary of the Head Accountant has been entered at Rupees 350 instead of Rupees 400, which is the salary drawn by the present incumbent. His Lordship in Council is, however, of opinion that the minimum scale proposed is suitable, and as numerically it is unchanged, and provides for an establishment to cost less than the mean of the minimum and maximum scales approved by the Government of India, he recommends its adoption at a monthly cost of Rupees 3,350.

3. The system of annually increasing salaries being unknown in this Presidency, the Government of India will at once see that its introduction cannot be confined to one Office, and that if the very great privilege which it confers be conceded to the Office of Public Works Accounts, it cannot be withheld from all others without creating the utmost dissatisfaction amongst their employés, and greatly embarrassing this Government who would assuredly be beset by applications for the extension of the boon.

4. If, however, the Government of India are prepared to allow the system to be universally adopted throughout all the Offices of the Presidency, the objection of this Government to its partial introduction in favor of the Office of the Public Works Accounts alone, will be removed. Should there be any objection to the extension of the system, this Government would prefer that the minimum scale of salaries now submitted should be sanctioned as a fixed one.

I have the honor to be,
Sir,
Your most obedient servant,

Colonel, R. E.,
Secretary to Government.
