G.O. No. 3796

Press
Mis.

627-629

Dated 29-11-

1866.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
29th November 1866.*

Read the following papers :—

No. 627. From the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Calicut, 5th November 1866, No. 170.

Enclosures 3.

I am requested by the Civil and Session Judge of Coimbatore to submit, for the sanction of Government and for provision of funds in 1867-68, the accompanying standard plan and estimate* of Rupees 2,700, for building a new Court-house at Caroor in lieu of the present building, a proceeding for which he has obtained the sanction of the High Court; the grounds of such procedure are stated in the accompanying copy of an extract from the Caroor Range Officer's Report.†

* No. 22 of 1866-67.

† No. 31 of 21st August.

Extract of letter No. 31, dated 21st August 1866, from Mr. Supervisor G. E. Wiffen, to the Superintending Engineer, 7th Division.

1. With reference to the letter from the Session Judge of Coimbatore (returned), I have respectfully to inform you that I have inspected the Moonsiff's Court-house at Caroor, and find that the place is in a most dilapidated state, the whole of the roof must come off, and the walls of the Court-house are cracked in four places, and must come down and be re-built, the whole building is built of brick in mud and plastered; I would therefore respectfully beg to recommend that the present building be condemned, and only such repairs as is absolutely required be now done, until such time as a new building is finished.

2. There are several reasons why this building should be condemned: first, it is situated in the middle of the town of Caroor, in a most unhealthy locality, there is not space sufficient to put a pandal or verandah in any side of the place; in the second place the whole of the building is built of brick in mud, and within the last few months has cracked in all directions; the whole of the roofing is rotten and an entire new roof must be put on, it will cost nearly as much for repairs as it would take to build a new Court-house; and then the place is not safe, as should there be any leakage over the wall plates the water will wash away the mud between the bricks, and very likely the whole will come down.

With reference to the letter from the Session
Judge of Coimbatore (returned) I have respect-
fully to inform you, that I have inspected the
Moonsiff's Court House at Caroor, and find
that the place is in a most dilapidated state,
the whole of the roof must come off, and the
walls of the Court House are cracked in 4
places, and must come down and be rebuilt, the
whole building is built of brick in mud, and
plastered, I would therefore respectfully beg to
recommend that the present building be con-
demned. And only such repairs as is absolutely
required be undertaken, until such time as a new
building is finished.

II There are several reasons why this Build-
ing should be condemned. That it is situated in
the middle of the Town of Caroor in a most un-
healthy locality, there is not space sufficient
to put a pandal or Verandal in any side of
the place; in the second place the whole
of the Building is built of brick in mud,
and within the last few months has cracked
in all directions, the whole of the roofing is
rotten and an entire new roof must be put on,
it will cost nearly as much for repairs as it
would take to build a new Court House. And
then the place is not safe, as should there be
any leakage over the wall places the water
will wash away the mud between the bricks
