**Proceedings of the Madras Government, Public Works Department,
29th November 1866.**

No. 646. Read the following Proceedings of the Madras Government in the Military Department, dated 21st November 1866, No. 4,051:—

Read the following letter from the Deputy Inspector General of Hospitals, Hyderabad Subsidiary Force, Secunderabad, 27th October 1866, to the Secretary to Government, Military Department.

1. I have the honor to submit to the Governor in Council that I availed myself of the permission given in G. O. No. 2,145 of 21st June 1861, to obtain all available information for the second edition of my book on the Timber trees of India. But since the distribution of that edition amongst the community and departments, many notes in addition to the information which it contained must since have been made, and it would be of advantage if all such could be communicated to me by the Departments and Officers to whom Government distributed copies.

2. I would also solicit that application be made to the Government of India and to the Government of Bombay, to whom copies were supplied, for similar communications being made to me from the Departments and Officers to whom the copies were furnished.

Communicated to the Governments of India and Bombay, also to Departments to whom copies of the previous edition were supplied, in view to Dr. Balfour's request being complied with, if convenient.
