*Proceedings of the Madras Government, Public Works Department,
30th November 1866.*

No. 671. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Department Public Works, dated Madura, 19th November 1866, No. 1,393 :—

1. In reply to G. O. No. 3,304 of the 16th October 1866, I have the honor to report that the sum estimated to be required for hutting the Convicts, Police Guard, &c., at the new Jail at Madura, is Rupees 4,200.
2. At the time of my proposing to have funds transferred from Repairs Civil Buildings, I was not prepared to give a definite estimate, and find, from recent requirements, that the repair allotment is not sufficient for the purpose.

The funds that remain available under the head Civil Buildings, are—

	Rs.
Madura District, Minor New Works	513
Tinnevely do do	332
Madura District, Repairs... ..	1,700
Tinnevely... ..	755
Total	3,300

and there is only a sum of Rupees 2,455 that can be transferred from Repairs to New Works.

3. There thus remains a balance of Rupees 900 to be provided, but I would much prefer to have a special grant made, of Rupees 4,200, if the Government can allot the money from Jail funds, or any other source. The small allotments for Minor Works can be advantageously transferred to the head Agricultural, when a final arrangement of funds is made in January; at the same time, the balances of repair allotments for Civil Buildings can be transferred with great benefit to Repairs Agricultural, especially considering that emergent repairs have recently been necessitated by the heavy rains in the Madura District.

4. I have also to make provision before the end of the year for Rupees 455 on improvements to Subsidiary Jails in Tinnevely District, as directed in G. O. No. 3,274 of the 13th October, and to adjust this sum from the allotments for Minor New Works, is the most legitimate appropriation of those funds.

No. 672. ORDER THEREON, 30th November 1866, No. 3,819.

As it appears from this letter that
ACCOUNT, No. 54. the Officiating Superintending Engineer of the 8th Division is unable to spare any money from his repair allotment to meet the charge for providing accommodation for the Police, and for the Convicts to be employed on the Jail buildings at Madura, the Government resolve to make a grant of Rupees 4,200, from the Reserve under "Civil Buildings."

Home
To
Captain H. S. Trendergast R.E.
Off^r Superintending Engineer S. 97.

To
Colonel C. A. Orr R.E.
Secretary to Government (D. P. W.)

Sir,
In reply to O. O. No 336, of
the 16th October 1866, I have the honor to
report that the sum estimated to be
required for putting the Convicts, Police
guard van at the New Jail at Madura
is Rupees 1200. —

21. At the time of my proposing
to have funds transferred from Repairs
Civil buildings. I was not prepared
to give a definite estimate; and find,
from recent requirements, that the repairs
allotment is not sufficient for the
purpose. —

The funds that remain available
under

under the head Civil buildings are —
 Madras District Minor Works Rs 513.
 Tinnevely — " — 332
 Madras District repairs — 1,700
 Tinnevely — " — 455
Total Rupees 3,300

and there is only a sum of Rupees 2,155
 that can be transferred from repairs to new
 works.

3. There thus remains a balance of
 Rupees 1,145 to be provided, but I would
 much prefer to have a special grant made
 of Rupees 10,000; if the Government can
 allot the money from any fund, or
 any other source. The annual allotments
 for Minor Works, can be advantageously
 transferred to the head Agricultural,
 when a final arrangement of funds is
 made, in January; at the same time,
 the balance of repair allotments for
 Civil buildings can be transferred with
 great benefit to repairs, Agricultural,
 especially considering that emergency
 repairs have recently been necessitated

by the heavy rains in the Madras District.
 I have also to make provision
 before the end of the year for Rs 433,
 on improvements to Subsidiary jails, in
 Tinnevely District, as directed in
 G.O. No. 3274 of the 13th October: and
 to adjust this sum from the allotments
 for Minor Works, is the most
 legitimate appropriation of those
 funds.

I have &c

New Bunderpost Captain R.
 Off. Superintending Engineer
