MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Offg. Quarter Master General..... Here enter 5th November 1866, No. $\frac{863}{8794}$.
Report from the Controller of Mily. Accts... „ 14th „ B.

From the Officiating Quarter Master General, Head Quarters, Ootacamund, 5th November 1866, No. $\frac{863}{8794}$; to the Secretary to Government, Military Department, Fort Saint George.

The publication of G. O. C. C. No. 104, dated 12th October 1866, has given rise to several references to this Department, regarding the rates of hire of the lines' conservancy establishment of Native Corps, and on other points which are not provided for in the Order.

2. I have the honor, by order of the Commander-in-Chief, to submit, for consideration, the accompanying draft Circular memorandum, which meets the several questions which have been referred to this office, and which His Excellency proposes to issue if approved of by Government.

3. It is anticipated that representations will be received from some stations of the impossibility of obtaining carts and toties at the rates paid by the Commissariat. The Commander-in-Chief suggests that in such cases, it may be left to him to sanction higher rates, provided that the sum

* As recommended in letter from this Department, dated 26th July last, No. $\frac{408}{6654}$. of Rupees 100* per mensem for a regiment, is in no instance exceeded.

4. I am further to request that His Excellency may be authorised to direct Commanding Officers to apply to the † Or the Barrack Master as the case may be. Department Public Works,† wherever carts suitable for conservancy purposes may not be obtainable.

CIRCULAR MEMORANDUM.

Adverting to G. O. C. C. No. 104, dated 12th October 1866, authorising the entertainment of establishments for the conservancy of the lines of Native Regiments, the Commander-in-Chief directs attention to the following instructions on certain points which are not provided in that Order.

First.—The hire at which the toties and carts (including drivers and bullocks) are to be engaged is to be the same as that paid by the Commissariat Department for carts and toties employed at the same stations in the conservancy of European Barracks. At stations where there are no European Troops the Commissariat rates obtaining at the nearest station may be adopted.

Second.—Toties will be entitled to famine allowance at stations where such is paid to the same class by the Commissariat Department.

Third.—Compensation for dearness of rice is not payable to toties or drivers.

Fourth.—On the march of a regiment from a station, the lines' conservancy establishment will be discharged. It will rest with the regimental authorities of the relieving corps to entertain either the same or other men.

Fifth.—At stations where a cart and toties have been provided and are paid by the Commissariat for the public latrines of Native Regiments, such establishments are to be dispensed with, and the establishment sanctioned in the above G. O. is to be entertained regimentally.

Qr. Mr. GENL'S OFFICE, HEAD QRS., } (Signed) C. COOKE, Colonel,
OOTACAMUND, 5th November 1866. } Offg. Qr. Mr. Genl.

With report from the Controller of Military Accounts, 14th November 1866, B.

ORDER, No. 4113, 26th November 1866.

The Governor in Council approves of the Circular memorandum submitted with the foregoing letter from the Quarter Master General, with the exception of the second clause regarding "famine allowances" which should be omitted.

2. With advertence to paragraph 3 of the Quarter Master General's letter the Governor in Council considers the preferable course will be to report the circumstances of such cases to Government, in view to special sanction being obtained for higher rates—it being very desirable that the rates provided in Proceedings of Government, No. 3037, 30th August last, of Rupees 60 per regiment, should not be exceeded. The concluding paragraph of the same letter will be communicated to the Department Public Works.
