100 - 101	Mis-
Dated 7 - 12 - 1866	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
7th December 1866.*

No. 100. Read the following Proceedings of the Madras Government in the Educational Department:—

Sanctioning an estimate of Rupees 4,279-3-0 for additions to the Zillah School-house at Salem, and requesting that orders may be issued in the Public Works Department for the execution of the work. (Here enter 12th November 1866, No. 340.)

No. 101. ORDER THEREON, 7th December 1866, No. 3,871.

CIVIL WORKS, No. 21.

1. Communicated to the Superintending Engineer of the 5th Division for information and guidance.
2. The Government sanction the construction of the building being intrusted to private agency under the conditions prescribed in G. O. No. 3,783, dated the 23th November 1866.

(True Extract.)

Sept 8 - December

Proceedings of the Madras Government, Educational Department.

12th November 1866.

No. 44. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort Saint George; dated Madras, 2nd November 1866, No. 2297.

I have the honor to submit a letter, dated the 19th ultimo, No. 537, from the Inspector of Schools, 4th Division, with a plan for making certain additions to the Zillah School-house at Salem, and an estimate, amounting to Rupees 4279-3-0.

2. The necessity for the work is explained in Mr. Caldwell's letter, and I would draw attention to the fact that the question was touched upon in the Proceedings of Government, dated the 13th March last, No. 68.

3. In regard to funds, the sum of Rupees 2000 will be available out of the

Chittoor School-house.

Provision.....	5000	0	0
Diverted for the School at			
Cuddapah.....	186	0	0
Do. Kurnool.....	505	0	0
Balance...	4309	0	0

amount subscribed for a School-house at Namkul, and I beg to recommend that a sum equal to the balance of the estimate, or Rupees 2279-3-0, be disbursed from the Educational Building Fund.

No provision has been made in the Building Budget Estimate for the work under notice, but the necessary funds can be made available from the balance of the amount provided, under "Original Works", for the Chittoor Zillah School-house, which, as shown in the margin, is Rupees 4309.

4. The estimate has been prepared by a person not connected with the Public Works Department. As I have ascertained that he is willing to undertake the work, and agrees to execute it within the amount of the estimate, I suggest that the Public Works Department be instructed to entrust it to him.

5. This course would free the Officers of the Department from all other trouble than that of disbursing the funds and supervising the execution of the work.

From E. C. CALDWELL, Esq., Inspector of Schools, 4th Division, to the Director of Public Instruction; dated Bangalore, 19th September 1866, No. 537.

I have the honor to inform you that I have forwarded, by this day's Banghy, a plan and estimate for the proposed extension of the Salem Zillah School Building, amounting to Rupees 3266-3-0, to which is also appended an estimate for two side verandahs to the existing building, which are much required, amounting to Rupees 1013, both of which I venture to recommend for sanction.

2. The building, as it now stands, I should premise, was intended to accommodate 200 pupils, and the back room, which it is now proposed to add, would accommodate somewhat over 100 more, which is not above the present requirements of the School, as the attendance at the close of the official year was 274, and many were refused admission for want of room.

3. As regards the side verandahs, which I propose should be added to the existing portion of the building, I do not consider them so necessary as the additional room, but they would add greatly to the appearance and convenience of the building, and contribute towards keeping the middle room cool. They would also afford a passage to and from the classes at the east and west ends of the building, without disturbing those near the centre, and they would contribute towards the preservation of these ends from the weather, to which they are now exposed.

4. Should there be any difficulty in regard to the excess of the joint estimate above Rupees 4000, I would suggest that the difference, Rupees 279-3-0, might be borne from the School Fee Fund, the balance of which, at the close of the year, amounted to Rupees 1974.

5. The work, I would suggest, might be carried out by contract, under the supervision of the Head Master and Officers of the Department.

*Proceedings of the Madras Government, Educational Department,
12th November 1866.*

No. 45.

ORDER THEREON, 12th November 1866, No. 340.

The Governor in Council sanctions the additions proposed to the School-house referred to, at the estimated cost of Rupees 4279-3-0. Orders for the execution of the work will be issued in the Public Works Department.
