*Proceedings of the Madras Government, Public Works Department,
7th December 1866.*

No. 104. Read the following letter from the Under Secretary to Government, Public Works Department, in charge of Public Works Store Department, to the Secretary to Government, Public Works Department, dated Chepauk, 27th November 1866, No. 1,114:—

Coils-9.

1. I have the honor to solicit the sanction of Government for the sale, by public auction, of the unserviceable rope noted in the margin.

2. The rope was received in the year 1862, and stored in a godown at Abercrombie's Battery, where, from damp and rot, it became damaged.

Assistant Master Attendant.
Superintendent of the Pier.

3. The Superintendent of Marine was requested to hold a survey on this rope, and the Committee are of opinion that "the whole is so much damaged by insects and mildew as to be wholly unfit to be used for heavy tackling, and suggest that it may be sold by auction on the beach in the early part of the year when Native vessels arrive, as it will probably fetch more then, than if sold at once, as certain good parts may be cut out sufficiently long to answer for standing rigging for small vessels or for slings, &c." I therefore recommend its disposal as suggested by the Survey Committee.

No. 105. ORDER THEREON, 7th December 1866, No. 3,873.

Sir

I have the honor to solicit the sanction of Government for the sale by public auction of the insect-
.viseable rope noted in the margin.

The rope was received in the year 1862, and stored in a Godown at Abercrombie Battery, where from damp and rot it became damaged.

The Superintendent of Marine was requested
Master Attendants of the Port } to hold a survey on this rope, and the Committee are
of opinion that the whole is so much damaged by insects and mildew as to be wholly unfit to be used for heavy tackling, and suggest that it may be sold by auction on the beach in the early part of the year when native vessels arrive as it will probably fetch more than, than if sold at once,
as

as certain good parts may be cut out sufficiently
long to answer for standing rigging for small
vessels or for shingles etc", I therefore recommend
its disposal as suggested by the Survey Committee.

I have the honor to be

Sir

Your most obedient servant
