Proceedings of the Madras Government, Public Works Department,
11th December 1866.

No. 174. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 27th November 1866, No. 3,373 :—

2 Plans.
1 Abstract Estimate.
1 Comparative Statement.

1. In continuation of my letter No. 1,976, dated 6th September 1866, recorded in Government Order No. 2,914, dated 12th September 1866, I have the honor to submit herewith, for the sanction of Government, a revised plan and an estimate amounting to Rupees 5,160, as also a comparative Statement for the work of erecting six zinc sheds to protect the Armstrong Guns in Fort Saint George, sanctioned for execution in G. O. No. 3,112, dated 19th October 1865, on an estimate of Rupees 2,700.

2. The revised estimate has been rendered necessary in consequence of some very important improvements having been made in the original design, the nature and superiority of which over the latter will best be understood by a comparison of the revised plan with the old one, which is herewith sent for the purpose.

3. One shed was first constructed in view to testing the improved plan, and having, on examination, found it to answer, the remaining sheds have been ordered to be constructed in accordance therewith.

4. Deducting from the amount, Rupees 5,160, of the revised estimate the sum of Rupees 2,700, being the amount of funds already granted for the work, and Rupees 2,050, being the value of stores received without cash payment from the Public Works Stores and from the Mint, there remains a sum of only Rupees 410 now to be provided in money, which I request the Government will be pleased to grant.

Rupees	2,700 }	5,160
,,	2,050 }	4,750
Rs. ...		410

No. 175. ORDER THEREON, 11th December 1866, No. 3,907.

MILITARY WORKS, No. 15.

1. In Proceedings No. 3,112, dated the 19th October 1865, the Government sanctioned an estimate of Rupees 2,700 for the erection of corrugated zinc sheds to protect the Armstrong Guns on the Sea Face of Fort Saint George. With his letter above read the Superintending Engineer of the 4th Division submits a revised estimate of Rupees 5,160 for the work, and explains that the excess of Rupees 2,460 over the original sanction is owing to certain very necessary and important improvements having been made in the design.

2. Of the excess, Rupees 2,050 are shown to be the value of stores received from the Public Works Stores without payment, and the actual additional amount remaining to be provided is therefore only Rupees 410.

3. The Government approve of the revised estimate, and the current year's allotment for the work will be supplemented, if necessary, later in the year.

Supg. Engineer 4th Division

To

Colonel C. A. Orr R.E.
Secretary to Government P.W.D.

Sir,

In continuation of my letter No. 1976 dated 6th September 1866, recorded in Government Order No. 2914 dated 12th September 1866. I have the honor to submit herewith for the sanction of Government a revised plan and an estimate amounting to Rs 5760, as also a Comparative Statement for the work of erecting 6 Iron sheds to protect the Armstrong Guns in Fort St. George sanctioned for execution in G.O. No. 3112 dd 19th October 1866. on an estimate of Rupees 2700.

2. The revised estimate has been rendered necessary in consequence of some very important improvements having been made in the original design, the nature and superiority of which over the latter will best be understood by a comparison of the revised plan, with the old one, which is herewith sent for the purpose.

3. One shed was first constructed in view to testing the improved plan and

having

having on examination found it to answer the remaining sheds have been ordered to be constructed in accordance therewith.

4. Deducting from the amount Rs. 5160 of the revised estimate, the sum of Rupees 2700 being the amount of funds already granted for the work and Rs 2050 being the value of stores received without Cash payment from the Public Works Stores and from the Mint, there remains a sum of only Rupees 410 now to be provided in money which I request the Government will be pleased to grant.-

PROCEEDINGS of the MADRAS GOVERNMENT.

Under date the 11th December 1866

From Lieut Colonel Superintending Engineer
Fort St George -

To The Secretary to Government

(Here enter No. and Date of Letter.) Read the following

No 3373 of 22nd November 1866.)

I have the honor to submit for the sanction of Government, the accompanying Plan and Estimate, No 3112, dated the 19th October 1866, for the erection of a Corrugated Iron shed to protect the Armstrong Guns on the Flagstaff Face of Fort St George - with the Superintending Engineer's letter above cited.

2. The Estimate amounts to Rupees 5760 for the work, and explains that the Rupees 2460 now asked for is required to enable the original sanction being carried into effect, and to keep the Contractor employed during the present rainy season -
