*Proceedings of the Madras Government, Public Works Department,
19th December 1866.*

No. 390. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Department Public Works, dated Tanjore, 7th December 1866, No. 1,065 :—

1. In reply to your Memorandum No. 336, dated 4th instant, I have the honor to inform you that as the improvement to the Wyacondan channel head cannot be postponed, without risking considerable loss on the part of Government, I have, under G. O. No. 3,360, dated 20th October, authorized Colonel Greenaway to commence the preparation of materials at once, and to push on with the work as soon as the season will permit. I have, however, made no special allotment for the work, but I hope to be able to provide for it later in the year, either from the allotment for Minor New Works "Agricultural" in Trichinopoly and Tanjore, or from Repairs to Civil Buildings, in which there will probably be a large balance.

2. A Statement of the transfers proposed will be submitted later in the year, or on receipt of the orders of Government on my letter No. 945, dated 8th November 1866.

No. 391. ORDER THEREON, 19th December 1866, No. 4,006.
