*Proceedings of the Madras Government, Public Works Department,
20th December 1866.*

No. 400. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 10th December 1866, No. 3,572:—

1 Plan.
1 Abstract Estimate.

1. I have the honor to submit, for the early sanction of Government, an estimate amounting to Rupees 760, illus-

trated by a plan, for constructing drains in the arched subterranean passages of, laying cast iron pipes in, and putting up pumps to the first and second set of Incorporating Mills at the Gun-powder Manufactory at Madras, framed at the request of the Superintendent of the Factory, who complained of the lodgment of water in the mill passages after rain. He has since represented the increase of the inconvenience, and I have authorized the pumps to be set up at once, a measure which I trust will receive the approval of Government, who perhaps will be able to supply me with funds for the purpose later in the year.

Rupees	760
„	484
Rupees	276

2. The value of articles to be obtained from the Mint and Public Works Stores amounts to Rupees 484, so that the sum actually requiring to be provided is Rupees 276.

No. 401. ORDER THEREON, 20th December 1866, No. 4,011.

MILITARY WORKS, No. 25.

The estimate is sanctioned, and, seeing that the amount required is small, viz., Rupees 276, the Government have no doubt that the Superintending Engineer will be able to provide the funds later in the year.

(True Extract.)

Sir

I have the honor to submit for the early sanction of Government an estimate amounting to Rupees 760, illustrated by a plan for constructing drains in the arched subterranean passages of laying Cast iron pipes in, and putting up Pumps to the first and second flch of Incorporating Mills at the Gun Powder Manufactory at Madras, framed at the request of the Superintendent of the Factory, who complained of the lodgment of water in the mill passages after rain. He has since represented the increase of the inconvenience and I have authorized the pumps to be set up at once, a measure which I trust will receive the approval.

of.

of Government who perhaps will be
able to supply me with funds for the
purpose later in the year.

2- The value of articles to be
obtained from the Mint and Public
Works stores amounts to Rupees 484
so that the sum actually requiring
to be provided is Rupees 276.
