*Proceedings of the Madras Government, Educational Department,  
12th December 1866.*

No. 22. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort Saint George; dated Madras, 29th November 1866, No. 2487.

I have the honor to submit the enclosed letter, dated the 17th September last, No. 1833, from the Superintending Engineer, 3rd Division, giving cover to an estimate for Rupees 894, for repairing the Zillah School-house at Cuddapah.

2. Major Moberly explains that the repairs now needed have no connection with the repairs executed under the Order of Government of the 26th July 1865, No. 202; and it is to be observed that, in his letter recorded in Proceedings of Government, Public Works Department, 7th September 1865, No. 2609, the statement is made that the "beams in the western room" had not sagged, and that it was not necessary to alter the roof. It is this western room which now needs repair.

3. I beg that the execution of the work be sanctioned, at a cost of Rupees 894, the funds being made available from the balance of the amount provided for a Zillah School-house at Chittoor, which, as shown in the margin, is Rupees 2029-13-0.

From Major A. S. MOBERLY, R. E., Superintending Engineer, 3rd Division, to the Director of Public Instruction, Madras; dated Bellary, 17th September 1866, No. 1833.

Agreeably to the request of the Inspector of Schools, 2nd Division, I have the honor to submit, for your approval, an estimate (with specification) for repairs to the School-house at Cuddapah.

2. In G. O., No. 202, of 26th July 1865, in the Educational Department, sanction was given for Rupees 1355, for removing the old stone slab roof from the east and centre rooms of the School-house at Cuddapah, and substituting a brick terrace for it.

3. \* No provision was made for the west room, as the beams in that room had not sagged: this was mentioned in both my letters\* to you and Government.

\* No. 517, of 30th June 1865.  
" 119, of 28th August 1865.

4. The beams in this west room having now sagged, the accompanying estimate has been provided for removing the stone slabs, and substituting for it a higher description of roof.

No. 23. ORDER THEREON, 12th December 1866, No. 373.

The Government regret to learn that the Zillah School-house at Cuddapah, which has been already twice repaired, at a total cost of Rupees 1615, since its erection in 1863, needs further repair. In sanctioning the outlay, Rupees 894, required for this purpose, from the source proposed, the Government direct that the Executive Engineer of the Range be called upon, through the Department of Public Works, to submit, after the completion of the present work, a full report on the condition of the building, and an explanation of the causes which have necessitated such frequent and premature expenditures for its restoration.

(True Extract):

*H. J. Moberly*  
Chief Secretary.

To the Director of Public Instruction.  
" Public Works Department, with the estimate.
