Cholera having broken out at Coonoor, the Medical Officer at Wellington, and the Officer Commanding, brought to the notice of the Divisional Military authorities the filthy state of the Wellington Bazaars, and the necessity for proper drainage, without which the existing Conservancy establishment could not work with efficiency. On the subject being referred to this department, the place was personally inspected by me in company with Major Farewell, and I have the honor now to recommend that his estimate be sanctioned for immediate execution with savings on other Military works to be reported hereafter.
