*Proceedings of the Madras Government, Public Works Department,
22nd December 1866.*

No. 509. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Camp, Rajam, 5th December 1866, No. 203 :—

1 Plan.
1 Estimate.

1. Referring to G. O. No. 3,068 of 25th September 1866, I have the honor to enclose an estimate for the addition to the lower bays of Nundamoor lock.

2. I trust that the Government will be able to allot funds for this very important work, which ought to be executed in January or February, when the channel can be most conveniently closed.

3. If Government cannot furnish me with money, I beg permission to transfer Rupees 1,900 from the Central Jail at Rajahmundry. Captain Makgill reports that he cannot expend Rupees 8,000, but I have already asked for Rupees 7,000 for Yendamoor channel in my No. 191 of 27th November 1866.

4. I would alter the steps, as shown in dotted lines, to make the access to boats more easy.

No. 510. ORDER THEREON, 22nd December 1866, No. 4,064.

CIVIL WORKS, No. 103.

In pursuance of the orders conveyed in G. O. No. 3,068, dated the 25th September 1866, the Officiating Superintending Engineer of the 1st Division submits a plan and estimate of Rs. 1,900 for adding buttresses to the end walls of the Nundamoor lock on the Weyairoo channel. The Government approve of the measures which are proposed for strengthening the lock, but under paragraph 51, Chapter V. of the Code, the work should be treated as a repair and its cost debited to the allotment under that head in the Godavery District.

(True Extract.)
