*Proceedings of the Madras Government, Public Works Department,
22nd December 1866.*

No. 511. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 12th December 1866, No. 3,629:—

1 Survey.
1 Estimate, Abstract.

1. I have the honor to lay before Government, for their sanction, a survey and an estimate, amounting to Rupees

7,500, for improving the Mahindravady channel and constructing a flood calingulah in it near the village of Moosery, in the Wallajah Range, North Arcot District.

2. The Mahindravady and several other smaller tanks in the neighbourhood of the channel receive their supply of water from the Palar river, through the channel in question; but the supply is not as full and as ready as it will be if the proposed improvements, consisting of giving an increased width to the entrance of the channel near the Palar anicut, widening and deepening portions of the remainder of the channel, and strengthening its banks wherever required, and constructing the flood calingulah are carried out, improvements which were estimated for by the Executive Agent, after a personal observation of the requirements of the channel during monsoons.

3. The Collector of North Arcot has countersigned the estimate, and states that he is able to advocate the necessity of the works from his own personal observation.

4. I beg to recommend the estimate for sanction, and for entry in the Budget of 1867-68.

No. 512. ORDER THEREON, 22nd December 1866, No. 4,065.

CIVIL WORKS, No. 103.

The necessary provision having been made in the outgoing Budget, the Government sanction the estimate

which is submitted with this letter amounting to Rupees 7,500 for improving the Mahindravady channel and constructing a calingulah in it near the village of Moosery in the North Arcot District.
