*Proceedings of the Madras Government, Public Works Department,
22nd December 1866.*

No. 532. Read the following letter from W. FRASER, Esq., C. E., Executive Engineer, to the Secretary to Government, Public Works Department, dated Madras, 10th December 1866, No. 72 :—

1. I have the honor to request that the following Office Establishment may be sanctioned for the purpose of keeping the accounts, correspondence, &c., of the Madras Water Works. It is the same, I believe, as that of a third class Range, namely :—

One Accountant...	...	...	Rupees 40 per month.
One Writer	...	...	25 do.
One Gumashta	...	...	15 do.
Three Lascars at 7 Rupees each	...	...	21

Total Rupees 101

The Gumashta would probably be detained in my Office; the rest would be placed under the orders of the Assistant Engineer on the works.

2. I have also to request that two good Departmental Overseers be appointed to aid the Assistant Engineer in carrying on the works.

This assistance is now necessary as, by the end of this month, the works will be opened in several places, and this amount of superintendence will be required.

On the subject of superintendence, I have the honor to remind you that, in the letter from the Government of India, No. 378, dated 16th October 1866, paragraph 6, a sum of 25,171 Rupees was struck off my estimate, because the cost of establishments was separately provided for in the Budget.

No. 533. ORDER THEREON, 22nd December 1866, No. 4,075.

ESTABLISHMENT, No. 34.

1. In this letter Mr. Fraser, the Special Executive Engineer in charge of the Madras Water Works, applies

for a temporary Office Establishment to assist in keeping accounts and correspondence, and for two Departmental Overseers to aid Mr. Assistant Engineer Brosnahan in carrying on the works.

2. The cost of the proposed Establishment is Rupees 101, or Rupees 5 in excess of the amount* sanctioned for a third class range, and considering the nature and extent of the work for which the

Establishment is required, the Government are of opinion that one Accountant and Writer on 30 Rupees and three Lascars on 7 Rupees each per mensem, will be found amply sufficient, and their entertainment is accordingly sanctioned. The charge will be met from the general allotment for Establishments.

3. There are no Departmental Overseers available for employment on the Madras Water Works, and any minor superintendence that may be required must be provided from the grant for Petty Establishments.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To W. Fraser, Esq., C. E., Executive Engineer.

Sir

I have the honor to request that the following Office Establishment may be sanctioned for the purpose of keeping the Accounts, Correspondence &c of the Madras Water Works: It is the same I believe as that of a third class Range; namely:-

One Accountant	Rs 40 per month
One Writer	25 — " —
One Gomasta	15 — " —
Three Lascars @ 7 each	21
Total	101

The gomastah would probably be detained in any Office: The rest would be placed, under the orders of the Assistant Engineer on the works. —

I — I have also to request that

32
two good departmental Overseers be appointed
to aid the Assistant Engineer in carrying
on the works: -

This assistance is now necessary, as, by
the end of this month, the works will be opened
in several places, and this amount of
superintendence will be required:

On the subject of Superintendence I
have the honor to remind you that, in the
letter from the Government of India, N^o.
378 dated 16th October 1866 Para 6, a sum of
25,171 Rupees was struck off my Estimate
because the cost of Establishments was separately
provided for in the Budget. -

I have the honor to be
