No. 310. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishwarum, 29th January 1866, No. 2,428 :—

1. Adverting to the Proceedings of Government dated 6th instant, on a Statement of Progress of expenditure for the first half of the current year submitted by the Controller, I have the honor to

Order No. 52.

apply for an additional allotment of funds for works in this Division. I make this application in anticipation of the more complete statement required by G. O. No. 2,907 of 3rd October 1865, which will be submitted shortly, because the sooner additional funds are allotted the more work we shall be able to do.

2. I append a Statement of the probable excesses and deficiencies on the Budget grants which require alteration to enable us to do the maximum quantity of work during the year.

3. We require Rupees 64,500 additional in the Godavery, and Rupees 2,000 more in Ganjam; in Vizagapatam, the expenditure of the year will probably be Rupees 6,500 less than the Budget allotment.

4. This is exclusive of Police and Educational grants which are at the disposal of the heads of those Departments; but I anticipate that the expenditure under these two heads will be Rupees 2,750 and Rupees 7,650 respectively less than the amounts provided for the year: the short expenditure under these two heads is due to the Departments concerned not being prepared with plans and estimates and Government sanctions for the buildings which the money was provided for.

5. The increase to the grant for Agricultural Repairs in the Godavery is required to meet a heavy outlay on groynes and other river bank defences which were absolutely necessary to keep the Godavery in its proper course. The expenditure up to 30th April will nevertheless be 10,000 Rupees less than the original Budget grant under this head.

6. The additional funds for the new works will be about sufficient to keep them steadily in progress up to the end of the year. I have not provided for the metalling roads in Ganjam, alluded to in my No. 2,171 of 20th December 1865, if an Executive Engineer to succeed the late Captain Philipps be appointed without delay, Rupees 10,000 could be spent very advantageously on them.

7. In Vizagapatam, the reduction of expenditure is mainly under the Repairs head.

Past expenditure ...	22,500	62,700

Allotment ...	RS.	RS.
Add amount transferred in G. O. No. 3,617, dated 29th November 1865.	47,823	76
	47,899	

5. GANJAM.—Road from Aska to Ganjam Port and Salt pans. 10,000 Rs. are applied for on account of this work, but as, inclusive of the grant for 1866-67, the balance due upon the estimate is only Rupees 3,200, that sum has been allotted.

6. The grants for "Repairs to Civil Buildings," and "Repairs to Communications" are given as Rupees 5,112 and 46,099, respectively. The correct sums are Rupees 4,292 and 47,899, as shewn in the margin. The Superintending Engineer will be careful to restrict the expenditure under these heads to the actual available funds.

7. VIZAGAPATAM.—The sum of Rupees 867 which is applied for on account of the District Moonsiff's Court House at Bimlipatam has been allotted in G. O. No. 408, dated 2nd February 1866.

8. Rupees 1,500 are proposed to be surrendered from the allotment for "Repairs Military," but as grants under that head are not available for transfer to other heads of service without the special sanction of the Government of India, the Superintending Engineer is requested to enter the amount in his final Statement of Savings, &c., which will be due on the 1st proximo.

9. The repair allotment under the head "Communications" is entered at Rupees 41,367. The correct sum is Rupees 42,433, deducting from which Rupees 37,700, the probable expenditure up to 30th April 1866, the amount which is actually available for transfer is Rupees 4,733. Captain Ryves is requested to report the items on which this saving has been effected.

10. GODAVERY.—Central Jail at Rajahmundry. An additional grant of Rupees 7,751 is shewn to be required during the current year, but the Government are unable, at present, to allot a larger sum than Rupees 6,945. It will be seen from the Budget for 1866-67 that Rupees 43,679 have been provided for this work, and the Superintending Engineer will be careful to see that the excess over the sanctioned estimate is brought forward in the statement which has been called for in paragraph 18 of G. O. No. 405, dated 1st February 1866.

See also paragraph 22 of G. O. No. 361, dated 7th February 1865.

11. The unexpended balances of the estimates for the works noted in the margin having been provided in the out-going Budget, additional grants during the current year are unnecessary.

Proceedings of the Madras Government, Public Works Department,
13th February 1866.

12. There are at present no funds at the disposal of Government to meet the other demands which are brought forward in the Superintending Engineer's Statement.

13. The Government request that in the preparation of the Statement of Savings, &c., which is referred to in paragraph 8 above, care may be taken to enter the correct allotment for each new work and under each head of repair.

252 - Adverting to the Proceedings of Govern-
 - ment dated 6th Instant, on a Statement of
 Progress of expenditure for the first half of
 the current year submitted by the Controller,
 I have the honor to apply for an additional
 allotment of funds for works in this Division.
 I make this application in anticipation of the
 more complete Statement required by G.O.
 N^o 2907 of 3rd October/65, which will be sub-
 - mitted shortly: because the sooner additional
 - al funds are allotted the more work we
 shall be able to do.

Dear Mr. Smith
 I have the honor to acknowledge
 the receipt of your letter of the

 you that the same has been
 forwarded to the proper
 authorities for their consideration.

which require alteration to enable us to do the maximum quantity of work during the year.

3. We require Rs 5,500 additional in the Godavery and Rs 2,000 more in Sanjams; in Vizagapatnam the expenditure of the year will probably be Rs 6,500 less than the Budget allotment.

4. This is exclusive of Police & Quarantaine grants which are at the disposal of the heads of those Departments. But I anticipate that the expenditure under these two heads will be Rs 2,750 & Rs 7,650 respectively less than the amounts provided for the year the whole expenditure under these two heads is due to the Departments concerned not being prepared with plans & estimates & Government sanctions for the buildings which the money was provided for.

5. The increase to the grant for agricultural repairs in the Godavery is required to meet a heavy outlay on groynes & other River bank defences which were absolutely necessary to keep the Godavery in its proper course. The expenditure up to 30th April will be ^{seventy-five} Rs 10,000 less

less than the original Budget grant under this head.

6. The additional funds for the new works will be about sufficient to keep them steadily in progress up to the end of the year. I have not provided for the metalling roads in Sanjams alluded to in my L^{tr} 2171 of 20th Dec. if an Executive Engineer to succeed the late Captain Phillips be appointed without delay Rs 10,000 could be spent very advantageously on them.

7. In Vizagapatnam, the reduction of expenditure is mainly under the Repairs head.

I have the honor to be

4 The attention of the Sup^d Eng^r will be drawn to the following remarks-

5 Ganjam. Road from Aska to Ganjam Port & Salt pans - 10000 Rs are applied for on account of this work, but as, in-clusive of the grant for 1866/67, the balance due upon the Estimate is only Rs 3200, that sum has been allotted.

6 The grants for "Repairs to Civil Buildings" and "Repairs to Communications" are given as Rs 5112 & 46099 respectively. The correct sums are Rs 4292 & 47899, as shown in the margin. The Sup^d Eng^r will be careful to restrict the expenditure under these heads to the actual available funds.

7 Vragnapattanam. The sum of Rs 867 which is applied for on account of the District Munsiff's Court House at Pimlipattanam has been allotted in G.O. No 408, dated 2^d February 1866.

8 Rs 1500 are proposed to be surrendered from the allotment for "Repairs ~~to~~ Military" but as ~~the~~ grants under that head are not available for transfer to other heads of service without the Special sanction of the Gov^t of India, the Sup^d Eng^r is requested to enter ^{amount} in his final Statement of Savings &c, which will be due on the 1st proximo.

9 The repair allotment under the head "Communications" is entered at Rs 41367. The correct sum is Rs 42433, deducting from which Rs 37700, the probable expenditure up to 30th April 1866, the amount which is actually ~~in~~ available for transfer is Rs 4733. Capt. Payne is requested to report the items on which this saving has been effected.

10 Godavari. Central Jail at Rayalmondray. An additional grant of Rs 7751 is shown to be required during the

current year, but the Government are unable, at present, to allot a larger sum than Rs 6945. It will be seen from the Budget of 1866/67 that Rs 43,679 have been provided for this work, and the Sup^d Engr will be careful to see that the excess over the sanctioned estimate is brought forward in the Statement which has been called for in para 18 of G.O. No 405, dated 1st February 1866.

11. The unexpended balances of the Estimates for the works noted in the Margins having been provided in the outgoing Budget, additional grants during the current year are unnecessary.

12. There are at present no funds at the disposal of Government to meet the other demands which are brought forward in the Sup^d Engr.
