*Proceedings of the Madras Government, Public Works Department,
13th February 1866.*

No. 312. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 6th February 1866, No. 3,067:—

1. I have the honor to submit, for the orders of Government, the accompanying Inspection Report of the Superintending Engineer, 1st Division, as it contains some remarks regarding mileage, on which it would be as well perhaps to have definite instructions.

2. The G. O. referred to by Captain Ryves certainly precludes Officers of this Department claiming mileage except in cases of great emergency, but as Superintending Engineers have such very large charges, to enable them to get over these, even two or three times a year, it will be necessary for them to travel by dawk on many occasions after having inspected works in one locality. I beg, therefore, to know if these Officers can be exempted generally from the provisions of the above G. O.
