*Proceedings of the Madras Government, Public Works Department,
21st February 1866.*

No. 473. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 15th February 1866, No. 4,167:—

1. With reference to the Order of Government, No. 345, dated 29th January 1866, I have the honor to forward a letter
1 Letter from W. Sowerby, Esq., c. E., No. 1, dated—February 1866. from Mr. Sowerby, c. E., showing that the security offered by him is the European Guarantee Company, the Agent of which in Madras is C. L. O'Brien, Esq., at Messrs. Binny & Co.

2. In the marginal tabular statement in my letter, No. 3,772, dated 23rd January 1866, it should have been shown, that what Mr. Sowerby offered was *either* a cash security of 10,000 Rupees *or* a personal security of 20,000, not one *in addition* to the other. Although the personal security is reliable, it would be preferable, I think, to accept the cash security Rupees 10,000.

3. Under the circumstances represented by Mr. Sowerby, I recommend that the period be extended to thirty months, in lieu of twenty-four.

4. I do not see from the papers before me that the site for the new University has been absolutely determined; I believe, however, that it is contemplated to erect the building at Chepauk immediately to the south of the Controller's Office, and if I am correct in that supposition, measures will be taken for obtaining the land, and handing it over to the Contractor.

No. 474. ORDER THEREON, 21st February 1866, No. 610.

CIVIL WORKS, No. 59.

1. The Governor in Council authorizes the Superintending Engineer of the 4th Division to accept the cash security of Rupees 10,000 which has been tendered by Mr. Sowerby, as Contractor of the Presidency College at Madras, on the understanding that no advances are to be made, and that the per-centage on the value of work done, which is stipulated to be withheld in the Contract, is duly deducted from all payments.

2. Under the circumstances explained, the Government approve of the contract time for the completion of the building being extended to thirty months, as proposed by the Superintending Engineer.

3. Colonel Boileau is correct in his supposition regarding the site selected for the College.
