*Proceedings of the Madras Government, Public Works Department,
23rd February 1866.*

No. 524. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Cannanore, 13th February 1866, No. 257 :—

1. I have the honor to submit, for the information of Government, an original application, for transfer to another Division, made by Mr. O'Shaughnessy, Acting

Enclosure No. 1.

Assistant Engineer, in charge of South Wynaad.

2. It was my intention to have disposed of the application, by informing him that the grounds whereon it was based were not such as to justify me in calling for any change, but should rather have operated with him to induce him to endeavour to give me more satisfaction. But the transfer desired by him having already been ordered in the Gazette of the 6th February, I cannot but trouble Government to re-consider their decision in the matter, with reference not only to the style in which my Subordinate alludes to my having expressed dissatisfaction with his conduct, but also to the heavy responsibility which Government has been pleased to place on me in their Order No. 178 of 16th January. With such responsibility on me, it is but fair that I should have a voice in the promotion and disposal of my Executive Agents, and I most respectfully but strongly protest against the transfer solicited by Mr. O'Shaughnessy, and already ordered by Government.

No. 525. ORDER THEREON, 23rd February 1866, No. 635.

ESTABLISHMENT, No. 43.

The Government consider that it would not be for the interests of the Public Service to retain Mr. O'Shaughnessy any longer in the Wynaad, and they regret their inability to alter the arrangements which have been already ordered.
