*Proceedings of the Madras Government, Public Works Department,
23rd February 1866.*

No. 537. Read the following letter from the Consulting Engineer Irrigation and Canal Company, to the Secretary to Government, Public Works Department, dated Madras, 13th February 1866, No. 151 :—

1. With reference to the Orders of Government as per margin, in which the retrenchment of Rupees 1,24,872 from the expenditure under main supply, and Rupees 2,500 under buildings was
- No. 3,676, dated 4th December 1865.
,, 467, ,, 7th February 1866.

directed, I have the honor to request instructions as to the head to which these retrenchments are to be debited temporarily, pending their adjustment by the Board of Directors. It appears to me that Inefficient Balance will be the best temporary head of charge, and the retrenchments might be placed under that head to the debit of retrenchments.

2. The adjustment of interest on paid-up capital, consequent on these retrenchments, will, I presume, be seen to at the India Office, and the deductions from that Capital will appear in due course in the Statement of Guaranteed Capital furnished monthly from that Office.

No. 538. ORDER THEREON, 23rd February 1866, No. 641.

ACCOUNT, No. 70.

The Government approve of the manner in which the Consulting Engineer proposes to adjust the charges which are referred to in this letter, pending the receipt of instructions from the Board of Directors.
