1. In my letter No. 5,455, dated 1st February 1865, I promised to report the various sums required for the maintenance of the roads which, in their Order in the Revenue Department, No. 307, dated 14th February 1865, the Government consented to consider as imperial in lieu of local lines of communication.

1 Abstract Estimate.
1 Plan.

2. Amongst these was the road from Nelway to Gooriattum Railway station. It has since been reported that this is not a finished line of road, and that it is necessary to complete it before applying for a grant for its up-keep.

3. For this purpose, I have now the honor to forward an estimate, Rs. 2,800, prepared by the Assistant Engineer, Vellore Range, and approved of by the Collector.

4. It provides for clearing side-channels, levelling gravelling where necessary, and for fifty-three road dams.

5. If funds are not immediately available, I request that they may be granted out of the Reserve under the heading Communications, on or after the 1st May next.
