*Proceedings of the Madras Government, Public Works Department,  
6th March 1866.*

No. 121. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Department Public Works, dated Madura, 2nd March 1866, No. 2,364 :—

1. Referring to G. O. No. 478 of the 7th ultimo, I have the honor to report that the only alteration I would wish to make in the transfer of funds for new works, during the current official year, consists in taking only 570 Rupees from the Paumbem Channel work instead of 1,200 Rupees (the difference, Rupees 630, being now found to be required for expenditure on the channel), and consequently adding Rupees 2,570 instead of Rupees 3,200 to the allotment for the construction of Road No. 26, Tirumungalam to Pulney.

2. Under the general head Repairs I find there are the following sums remaining unappropriated :—

|                            | RS.   |
|----------------------------|-------|
| Military . . . . .         | 519   |
| Civil Buildings... . . . . | 1,165 |
| Communications . . . . .   | 246   |

Total ... 1,930

of these items, the first, Rupees 519, which is not available for other works, as "Military," is not likely to be required in this Division.

3. Deducting this sum from Rupees 1,930 there remains Rupees 1,411, from this balance I would be glad to make up the difference deducted above, viz, Rupees 630, for outlay on Road No. 26, and I then have only Rupees 781 left, which I wish to expend now on Repairs "Communications." Thus, the only saving in this Division is the sum of Rupees 519, not required for Military repairs, otherwise the general allotment for the Division need not be disturbed. In the District of Madura there has been a comparatively small expenditure, as pointed out in G. O. No. 653 of the 26th ultimo ; but by transfers of repair funds within the Division, now about to be submitted for sanction, made on a careful scrutiny of statements sent in by the Range Officers, I trust that the available funds may be utilized by the close of the year.

No. 122. ORDER THEREON, 6th March 1866, No. 755.

ACCOUNT, No. 19.

The Superintending Engineer of the 8th Division will submit his Statements of Savings, &c., in the forms which accompanied the Proceedings of Government No. 5, dated 3rd December 1864.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,  
Secretary to Government.

Colonel C. A. Orr R.E.  
Secretary to Government D. P. W.  
Sir

Referring to G. O. No 478 of the  
1<sup>st</sup> ultimo, I have the honor to report,  
that the only alteration, I would  
wish to make in the transfer of  
funds for new works, during the  
current Official year, consists  
in taking only 570 Rs from the  
Paumkum Channel work; instead  
of 1200 Rs; the difference Rs 630 being  
now found to be required for  
expenditure on the Channel; and  
consequently adding Rs 2,570 instead  
of Rs 3,200 to the allotment for  
the construction of Road No 26  
Tirumungalam to Pulney.

Under the general head Repairs  
I find there are the following  
sums remaining unappropriated.  
Military ————— Rs  
519

Civil Buildings — 1165  
 Communications — 246  
Total Rs 1930

of these items, the first Rs 519 which is not available for other works, as "Military" is not likely to be required in this Division.

Deducting this sum from Rs 1930 there remains Rs 1411, from this balance I would be glad to make up the difference deducted above Viz. Rs 630 for outlay on Road. No. 26 and I then have only Rs 781 left, which I wish to expend now, on repairs "Communications". Thus, the only saving in this Division, is the sum of Rs 519, not required for Military Repairs: otherwise the general account for the Division need not be disturbed. In the District of Madura, there has been a comparatively small expenditure, as pointed out in G. O. No. 653 of the 26<sup>th</sup> ultimo: but by transfers of repair funds within the Division, now about to be submitted, for sanction, made on

on a careful scrutiny of statements sent in by the Range Officers: I trust that the available funds may be utilized by the close of the year.
