*Proceedings of the Madras Government, Public Works Department,
7th March 1866.*

No. 125. Read the following letter from the Government Solicitor, Madras, to the Secretary to Government, Department Public Works, dated Madras, 2nd March 1866, No. 120 :—

1. With reference to the Proceed-
Dated 26th February 1866, No. 656, Public Works Department. ings of Government noted in the margin, I have the honor to report that having investigated the title to the late Dr. Beatson's house and land at Trichinopoly, which it was proposed to purchase on behalf of Government, I considered the title satisfactory, and such as Government could safely accept.

2. I have, therefore, prepared the conveyance of the property to Government, but, in order to complete it, I require an accurate plan of the land (to attach to the deed) showing measurements, boundaries, abutments, and quantity, or such full and specific information on all these points as will enable me to describe the land with certainty and accuracy. The annexing of a plan to the conveyance will be the more satisfactory arrangement.

3. I addressed the Superintending Engineer of the 6th Division, on this subject, on the 20th ultimo, and doubt not that I shall soon receive the required plan.

4. I shall be able to get the conveyance duly executed within a day or two after I receive the plan. The conveyance is in fact already engrossed.

No. 123. ORDER THEREON, 7th March 1866, No. 757.
