*Proceedings of the Madras Government, Public Works Department.
7th March 1866.*

Read the following letters :—

No. 141. From the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Arnee, 23rd February 1866, No. 4,254.

1. I have the honor to solicit the sanction of Government to the transfer of funds shown in the Statement at foot, to enable me to pay the money still due to the Contractor for work executed on the estimate of Rupees 17,600, sanctioned in G. O. No. 1,757, dated 4th July 1863. The work was completed last official year, but the Contractor refused to receive payment on the ground that the measurements on which the value of the work done had been calculated were incorrect, and the official year having closed, the balance of the estimate lapsed.

The first of these is the fact that the
 government has been unable to raise the
 necessary funds to carry out its policy.
 The second is the fact that the
 government has been unable to maintain
 the necessary level of public order.
 The third is the fact that the
 government has been unable to maintain
 the necessary level of public order.
 The fourth is the fact that the
 government has been unable to maintain
 the necessary level of public order.
 The fifth is the fact that the
 government has been unable to maintain
 the necessary level of public order.
 The sixth is the fact that the
 government has been unable to maintain
 the necessary level of public order.
 The seventh is the fact that the
 government has been unable to maintain
 the necessary level of public order.
 The eighth is the fact that the
 government has been unable to maintain
 the necessary level of public order.
 The ninth is the fact that the
 government has been unable to maintain
 the necessary level of public order.
 The tenth is the fact that the
 government has been unable to maintain
 the necessary level of public order.

No 262.
 From Lieut Colonel G. M. Walker R.E.
 Superintending Engineer
 To Colonel C. A. Orr R.E.
 Secretary to Government S.D.M.

Sir, I have the honor to request permission to transfer the sum of Rs. 1000 from the Maintenance allotment of the Road from Mangalore to Warhal, to that of the Road from Buntwal to the Channady Ghaut. I have just completed a tour through a large portion of the Kanara District; and I am of opinion that the transfer would greatly benefit the latter road, on which much has had to be done this season to the Ghaut and to the heavy approaches of the large Bridges completed last season. Whilst the line from which the deduction will be made is at present in good enough order to stand it without material detriment. So necessary have I thought the step which I am recommending that I have ventured to order its adoption by the Range Officer in anticipation of Govt. in order to make the most of the working and traffic season.

2. I regret to state that the Channady Ghaut within Mysore Limits was impassable for cart traffic at the date of my inspection 26th January. It is sad that such a retrograde state
