No. 145. From P SUBA NAICK, late Acting Estimate-maker of Superintending Engineer's Office, 8th Division, Madura

States that he was unjustly dismissed from his appointment, and requests that he may be re-instated (Here enter 13th January 1863)

No. 146. From the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Department Public Works, dated Oodapencolum, 16th February 1866, No 2,267.

1 Petition

1. I have the honor to report on the Petition of P. Sooba Naick, referred to me on the 6th instant, No 202.

2. The Petitioner states, that having served Government for eight and a quarter years, he applied for three months' leave on private affairs, early in the year 1864, being then Estimate-maker (acting) in the Superintending Engineer's Office, leave being refused, he offered his resignation. On the 8th March 1864 he obtained 15 days' privilege leave, after a conversation with the Superintending Engineer, after eight days, he applied for further leave; this was refused, and he was dismissed. He states that when he applied for leave, he had no intention of forfeiting his claims in the Department, in which he had committed no offence. He made attempts to be re-instated by Colonel Moberly; but not having succeeded, he asks to have his dismissal cancelled, and to be employed again in the Government service.

3. It appears that the Petitioner applied for leave in order to take employment unconnected with the Government service, and is still in the same position, when he found he could not obtain three months' leave, he offered to resign; whatever the nature of his conversation with the Superintending Engineer was, he accepted 15 days' leave, and when he asked for an extension, he was told that he was dismissed. The result being much the same as if his previous resignation had been accepted. There is no record of his subsequent attempts to be re-instated: but I am informed that he did twice appeal to Colonel Moberly.

4. From the Petitioner's own statement, there is not much reason for complaint; having been in Government employ for eight years, he must have known that he could not get leave against the wishes of the Head of the Office; again, I do not hear any thing unfavorable to the Petitioner, his testimonials are very good; and I dare say the Government would not object to his re-employment, when there is a convenient opportunity. I do not, however, see any grounds for recommending that any present employé should be removed, to re-admit the Petitioner, nor any reason for his dismissal being cancelled.

No. 147. ORDER THEREON, 7th March 1866, No. 766.

ESTABLISHMENT, No. 9

present Superintending Engineer of the 8th Division, are of opinion that there were no sufficient grounds for his dismissal

2. As, however, the Petitioner had, previous to his dismissal, sent in his resignation of his appointment in the Department Public Works, they see no reason to oust the present incumbent of the office, but are pleased to declare that there is no objection to the Petitioner's being again employed in the Government service, thus placing him in exactly the same position as he would have been in had Colonel Moberly, instead of dismissing him, accepted his resignation.

3. The Superintending Engineer will communicate this order to the Petitioner.
