Proceedings of the Madras Government, Public Works Department.
13th March 1866.

No. 281. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 28th February 1866, No. 3,339 :—

1. I have the honor to forward herewith two Statements A. and B. of Extra Petty Establishment required to be employed in the current year on Local Fund Works, compiled from Returns received from Superintending Engineers, with reference to G. O. 30th August 1865, No. 2,516.

- 1 Letter from Superintending Engineer, 6th Division, with an enclosure, dated 19th September 1865, No. 1,056
- 1 Do. to Superintending Engineer, 6th Division, dated 9th December 1865, No. 2,391.
- 1 Do. from Superintending Engineer, 6th Division, dated 12th December 1865, No. 1,568.
- 1 Do. to Superintending Engineer, 6th Division, dated 19th December 1865, No. 2,552.
- 1 Do. from Superintending Engineer, 6th Division, dated 11th January 1866, No. 1,659.
- 2 Statements A. and B.

2. Statement A. shows the amount to be obtained by reduction from each of the five Budget minor heads to Original Works and from Repairs in each District and Division of Public Works; and Statement B. shows the amount to be debited

in each District to the several Local Funds. The total of these Statements amounts to Rupees 23,828, which sum will have to be transferred to the credit of the head "Establishments, Local," and will form a charge to Local Works irrespective of the proportion of Imperial Establishment now borne by them which is only 10 per cent. This addition will be about 3 per cent. on the estimated expenditure of the year.

3. The Superintending Engineer, 6th Division, has furnished a Statement showing that Rupees 1,970 are required by him for Petty Establishments in his Division, of which only Rupees 1,005 can be saved from Local Works given on contract in the Trichinopoly District, of the remainder Rupees 450 for Trichinopoly and Rupees 500 for Tanjore are asked for in addition to the Local Budget grant of the year. This Office explained to the Superintending Engineer that it could not include the whole amount applied for on account of his Division in the present Statement, but only the portion that would be obtained by a saving from estimates in progress, and it was suggested therefore that a proportionate reduction of a certain per-centage of outlay should be made in the grant of the year from each of the works upon which the Petty Establishments in question were to be maintained. The Superintending Engineer maintains that as no provision was made in the estimate for the Local Works in question for the Petty Establishment of the kind previously allowed in estimates (in consequence of G. O. 12th December 1864, No. 3,530), no deductions could be made; but by simply diminishing the grant of the year, the necessary saving could have been made without adding to, or reducing the estimate, the effect of the arrangement being that a less sum will be available for the year's expenditure on the works, and if the Government see no objection to this arrangement, which is the only one by which funds could be obtained to meet the charge for Petty Establishment actually incurred in the 6th Division without any previous provision, the Superintending Engineer should be requested to report the work or works on which the additional sum asked for is to be spent. The particulars of this sum are given at the foot of the Statement A. now submitted.

4. The correspondence on this subject between the Superintending Engineer and this Office is herewith forwarded for the information of Government. It will be seen from Captain Oakes' first letter (No. 1,056, dated 19th September 1865,)

that the original Local grants for both the Tanjore and Trichinopoly Districts have been or will be largely increased by grants on Supplemental Budgets then under preparation. That for the Tanjore District was sanctioned on the 22nd November

* G. O., 28th November, 1865, No. 3,593. 1865,* No. 2,860, Revenue Department,

but no provision is made therein for either Petty Establishments or for the due proportion of the permanent Public Works Department to be borne by Local Fund Works, as is done in the Supplemental Budget of Local Works in the Malabar District, sanctioned in G. O. 30th October 1865, No. 3,265, and it is desirable that in future Local Fund Budgets or in supplemental grants applied for after the issue of the regular Budget, a due allowance be made to meet charges of this description. If the Supplemental Budget of the Trichinopoly District, referred to by Captain Oakes, is not yet sanctioned, the additional sum wanted in the 6th Division may be debited to, or deducted from grants for Local Works which may be provided for in it.

MADRAS,
28th February 1866.

(Signed) J. F. FISCHER, Captain, R. E.,
Controller of Public Works Accounts.

No. 282. . ORDER THEREON, 13th March 1866, No. 832.

LOCAL FUNDS, No. 23.

Establishment.

1. In their Proceedings under date the 12th December 1864, No. 3,530, this Government ruled, in conformity, with the orders of the Government of India, that charges on account of Petty (Extra) Establishments should not, in future, be entered in the estimates for works, but should be separately budgetted for under the head of “ Establishments.”

2. Subsequently, the Controller of Public Works Accounts was desired to submit statements of the estimated requirements on account of Petty Establishments for Imperial Works, and for works to be undertaken during the current official year from District Road, Educational, and other Local Funds by Officers of the Public Works Department.

3. The Statement of Petty Establishments required for Imperial Works has been separately disposed of; that for Local Works is submitted with the letter above recorded, from which it is observed that

Vide G. O. No. 83, dated 9th January 1866.

4. His Excellency the Governor in Council approves of this distribution and the sanction of the Government of India will be obtained to the requisite transfers from the head of “ Works,” to that of “ Establishments.”

5. Due provision should be made for these Establishments in future Budgets by the Board of Revenue and the Director of Public Instruction.

6. The cost of the Petty Establishments stated to be required for the 6th Division must be met by a proportionate decrease in the Budget allotment for Local Fund Works, as no other funds are available to meet the charge.

Ordered that the following letter be sent :—

Sir,

I have the honor to forward herewith
two Statements A and B of Extra Petty
Establishment required to be employed in
the current year on Local Fund Works,
compiled from Returns received from
Superintending Engineers with reference to
G.O. 30th August 1865 N^o 2516.

2. Statement A shows the amount to
be obtained by reduction from each of
the 5 Budget Minor heads to Original
Works and from Repairs in each Dis-
trict and Division of Public Works.
and Statement B shows the amount to
be debited in each District to the several
Local Funds. The total of these State-
ments amounts to Rupees 23,828, which
sum will have to be transferred to the
credit of the head "Establishments Local"
and will form a charge to Local Works
irrespective of the proportion of Imperial
Establishment now borne by them which
is only 10 per cent. This addition will be
about 3 per cent on the estimated expendi-
-ture of the year.

3. The Superintending Engineer of the Division has furnished a statement shewing that Rupees 1970 are required by him for Petty Establishments in his Division, of which only Rupees 1000 can be saved from Local Works given on contract in the Trichinopoly District, of the remainder Rupees 450 for Trichinopoly and Rupees 500 for Tanjore are asked for in addition to the Local Budget grant of the year. This Office explained to the Superintending Engineer that it could not include the whole amount applied for on account of his Division in the present statement, but only the portion that would be obtained by or saving from estimates in progress, and it was suggested therefore that a proportionate reduction of a certain percentage of outlay should be made in the grant of the year from each of the works upon which the Petty Establishments in question were to be maintained. The Superintending Engineer maintains that as no provision was made in the estimate for the Local works in question for the Petty Establishment of the kind previously allowed in estimates (in consequence of G. O. 12th December 1864 No. 3530) no deductions could be made; but by simply diminishing the grant of the year, the necessary saving could have been

been made without adding to or reducing the estimate, the effect of the arrangement being that a less sum will be available for the year's expenditure on the works, and if the Government see no objection to this arrangement which is the only one by which funds could be obtained to meet the charge for Petty Establishments actually incurred in the 6th Division without any previous provision the Superintending Engineer should be requested to report the work or works on which the additional sum asked for is to be spent. The particulars of this sum are given at the foot of the statement A now submitted.

4. The correspondence on this subject between the Superintending Engineer and this Office is herewith forwarded for the information of Government. It will be seen from Captain Oakes's first letter (No. 1056 dated 19th September 1865) that the original Local grants for both the Tanjore and Trichinopoly Districts have been or will be largely increased by grants as Supplemental Budgets then under preparation. That for the Tanjore District was sanctioned on the 22nd November 1865 No. 2860 Revenue Department, but no provision is made therein for

G.O. 28th November
1865. No. 3593.

Revenue of the

for either Petty Establishments or for the
due proportion of the permanent Public
Works Department to be borne by Local
Fund. Works, as is done in the Supple-
-mental Budget of Local Works in the
Malabar District sanctioned in G.O.
30th October 1865 No. 3265, and it is
desirable that in future Local Fund
Budgets or in Supplemental grants
applied for after the issue of the regular
Budget, a due allowance be made to
meet charges of this description. If the
Supplemental Budget of the Trichinopoly
District referred to by Captain Oakes
is not yet sanctioned the additional
sum wanted in the 5th Division may
be debited to or deducted from grants
for Local Works which may be
provided for in it.

Your most obedient servant.

Order 28th February 1866
 No 3339

In their Proceedings under
 date the 12th December 1864, No
 3530, this Government ruled,
 in conformity with the orders
 of the Government of India,
 that charges on account of
 Petty (Petra) establishments
 should not, in future, be
 entered in the estimates for
 works, but should be separately
 budgetted for under the head
 of Establishments.

Subsequently, the intention
 of Public Works Accounts
 was desired to submit
 statements of the estimated

G.O. No 394 of 10th Feb 1866

Requirements in account of
 Petty establishments for Imperial
 works and for works to be
 undertaken during the current
 financial year from District
 Road, Educational and other
 Local Funds by Officers of
 the Public Works Department.

The Statement ^{of Petty Establishments} required
 for Imperial works has been
 separately disposed of; that for
 Local Works is submitted
 with the letter above recorded
 from which it is observed
 that the total amount which
 is required during 1865/66

His Excellency the Governor
 in Council approves of this
 distribution, and the sanction
 of the Government of India will
 be obtained to the requisite
 transfers from the head of
 "works" to that of "establishments".
 Due provision should be
 made for these establishments
 in future budgets by the

Board of Revenue, and the
Director of Public Instruction -

The cost of the Petty
Establishments stated to be
required for the 6 Division
must be met by a pro-
-portionate decrease in the
Budget allotment for Local
Fund works, as no other
funds are available to
meet the charge.
