*Proceedings of the Madras Government, Public Works Department,  
16th March 1866.*

No. 359. Read the following letter from the Quarter Master General, to the Secretary to Government, Military Department, dated Fort Saint George, 3rd March 1866, No. 2,519 :—

1. In Proceedings of Government, Public Works Department, dated 22nd ultimo, No. 621, paragraph 4, it is stated that the item, a new Magazine at Cannanore, estimated to cost 20,000 Rupees, was still undecided by the Military authorities, and consequently that sum has been devoted to other purposes.

2. His Excellency the Commander-in-Chief would bring to notice that there is nothing undecided in this Department. The ground has been purchased, the plan and estimate were sanctioned in 1860, and the site has been selected (Proceedings of Government No. 4,109, dated 23rd December 1863).

3. His Excellency solicits that the money thus diverted to other purposes may be restored. The condition of the Ordnance Depot at Cannanore, and the insufficient storage there, and in the single Magazine outside of it, on the verge of the land now purchased, render the provision of the second Magazine a matter of great importance, long since recognized, and only needing money to carry it out.

Transferred to the Public Works Department.
