Proceedings of the Madras Government, Public Works Department,
19th March 1866.

No. 373. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Lower Anicut, 8th March 1866, No. 1,949 :—

With reference to your Memorandum, No. 50, dated 2nd instant, I have the honor to inform you that no provision has yet been made for the commencement of the work for which the estimate of Rupees 64,000 was sanctioned on the 19th October, though a portion of the balance of the original estimate, of Rs. 24,165, is being expended upon the works provided in the estimate of Rupees 64,000. This balance will have to be refunded to the original estimate, when funds are provided for the estimate of Rupees 64,000. If the amounts actually expended upon the two estimates are at once to be debited to each estimate, there will be a balance on the original estimate on the 30th April, and an equivalent expenditure on the estimate of Rupees 64,000 ; I would solicit permission to include this balance in the list of works for which provision is to be made from the Reserve on the 1st May.

No. 374. ORDER THEREON, 19th March 1866, No. 873.
