Colonel Walker's attention will be drawn to the following remarks :—

STATEMENT No. 1.

5. *Coimbatore*.—Rupees 30,000 are shown as not required from the allotment for the Lawrence Asylum buildings. Of this amount, however, Rupees 20,000 must be credited* to the Forest Department for timber supplied, so that Rupees 10,000 only are available for transfer to other works.

* See G. O. No. 93, dated 9th January 1866.

6. *Court House at Ootacamund*.—The remarks opposite to this item are not clearly understood. If Rupees 12,800 have to be credited to the Forest Department for Timber supplied during the current year, and the cash outlay on the work is expected to reach Rupees 26,847, the total of the debits against the estimate for 1865-66 will be Rupees 39,647, or Rupees 9,647 in excess of the allotment. Pending fuller explanation upon this matter, the appropriation of the sum of Rupees 3,153, which the Superintending Engineer enters as not required, will be held in abeyance.

STATEMENT No. III.

7. *Coimbatore*.—The Government have allotted the sum of Rupees 1,500, which is applied for on account of the alterations and additions to the Wash-houses at Wellington. It is observed from paragraph 2 of Colonel Walker's letter dated 4th August 1865, No. 78, that this work was commenced on emergency at the request of the Military authorities.

8. Rupees 125 are stated to be required for the Police Station at Martholy and for five Constables' huts at that place. The estimate for the Police Station was sanctioned in the Orders noted in the margin, and the requisite funds for its construction have been already placed at the Superintending Engineer's disposal. As no sanction has yet been accorded to the construction of the huts at Martholy, the Government are unable to allot the funds for which Colonel Walker applies.

Sub-Collector's Cutcherry at Kanghiem.

9. Rupees 3,400 are applied for on account of the work noted in the margin. The Superintending Engineer having been directed in G. O. No. 2,790, dated 21st September 1865, to restrict his expenditure to Rupees 2,400, that sum has been allotted.

10. The estimated cost of the Central Jail at Coimbatore, as entered by the Superintending Engineer, exceeds the allotment. The probable amount of the revised estimate should have been inserted in the Return. A further sum of Rupees 21,000 will be allotted for this work later in the year.

COIMBATORE.
Adding a Ball Court to the Racket Court at Wellington.
Store-room and Dhooly shed at Poothanoor.
Police Station-house at Mettapoliem.
Lock-up at the Palladam Taluq Cutcherry.
Constructing a calingulah at the Vettamungalum Tank.
Chinna Nowkara Bridge.

MALABAR.
Flooring the Artillery Barracks at Cannanore.
Converting Stables into Commissariat godown at Mallapooram.
Hospital for a Detachment of Native Infantry and Police at Calicut.
Re-constructing Stables of the Travellers' Bungalow at Manantoddy.

11. Under paragraph 90, Section II. of the Manual, it is unnecessary to allot funds for the adjustment of the excesses over the appropriations to the works noted in the margin.

12. In the case of the upper-room to the Collector's Cutcherry at Coimbatore, it is observed that the sanctioned estimate has been considerably exceeded. In September 1865, the Superintending Engineer applied for a grant of Rupees 370 to cover the excess which was at that time anticipated, but the Govern-

ment, having had no funds at their disposal, expressed their readiness to consider any proposal which Colonel Walker might make for the diversion of the money from other sources. The Superintending Engineer will now be requested to explain fully the causes which have contributed to the excess of Rupees 1,002 over the original, and Rupees 632 over the revised estimate.

13. The estimated cost of the sixth work entered in the margin of the preceding paragraph is given at Rupees 5,086, instead of Rupees 5,110, which is the amount sanctioned in G. O. No. 398, dated 11th February 1865.

14. No estimate appears to have yet been laid before Government for the Police Station-house at Poodoopady, and no funds have consequently been allotted for the work.

15. *Malabar*.—Bridge over the Dhoby Nullah on the road from Manantoddy to the Mysore frontier. This work is reported to have been completed at Rupees 1,206 above the sanctioned estimate. The circumstances under which this large excess occurred should be reported without delay.

16. *Post Office at Manantoddy*.—In the Order of the 8th December 1865, No. 3,731, an estimate of Rupees 3,200 for this building received the sanction of Government, but the Superintending Engineer was informed that no funds could be allotted for its erection during the current year. The Government are now surprised to find not only that the work has been commenced without authority, but that a sum of Rupees 808 above the sanctioned estimate has been already expended, and that a further outlay of Rupees 412 will have to be incurred before the work can be completed. Colonel Walker will submit, without delay, a full report upon this subject for the information of Government.

Colonel Walker's
attention will be drawn to
the following remarks.

Statement No. 1

Coimbatore District

Rupies 30,000 are

shown as not required from
the allotment for the Landless
Asylum Buildings. Of this
amount, however, Rupies 20,000
must be credited to the Forest
Department for Timber supplied
so that Rupies 10,000 only are
available for transfer to other
works.

Account House at

Ootacamund. The remarks
opposite to this item are not
clearly understood. If Rupies
12,800 have to be credited to
the Forest Department for
Timber supplied during the current
year, and the cash outlay
on the work is expected to reach
Rupies 26,847, the total of the
debts against the estimate
for 1865/66 will be Rupies
39,647, or Rupies 9,647 in
excess of the allotment. Pending
further explanation upon this
matter

matter the appropriation of the sum of Rupees 3153, which the Superintending Engineer enters as not required, will be held in abeyance.

Statement No. III

Coimbatore. The Government have allotted the sum of Rupees 1500 which is applied for on account of the alterations and additions to the wash houses at Wellington. It is observed from para 2 of Colonel Walker's letter dated 14th August 1865, No 78, that this work was commenced in emergency at the request of the Military Authorities.

Rupees 125 are stated to be required for the Police Station at Martholy and for five Constables Huts at that place. The estimate for the Police Station was sanctioned in the orders noted in the margin, and the requisite funds for its construction have been already placed at the

Superintendent's

at Raughiem.

Superintending Engineer's disposal. As no sanction has yet been accorded to the construction of the Huts at Martholy, the Government are unable to allot the funds for which Colonel Walker applies.

Rupees 3400 are applied for on account of the work noted in the margin. The Superintending Engineer having been directed in G.O. No 2790, dated 21st September 1865, to restrict his expenditure to Rupees 2400, that sum has been allotted.

The estimated cost of the Central Jail at Coimbatore, as entered by the Superintending Engineer, exceeds the allotment. The probable amount of the revised estimate should have been inserted

in the Return. A further sum of Rs 20000 will be allotted for this work later in the year. Under para 90, section II of the Manual, it is unnecessary to allot funds for the adjustment of the expenses over the appropriations to the works noted in the margin. In the case of the Upper Room

- chery at Coimbatore it is
observed that the sanctioned
Estimate has been considerably
exceeded. In September 1855,
the Superintending Engineer
applied for a grant of Rupees
370 to cover the excess which
was at that time anticipated
but the Government, having
had no funds at their dis-
posal, expressed their readiness
to consider any proposal -
which Colonel Walker might
make for the diversion of the
money from other sources. The
Superintending Engineer will
now be requested to explain
fully the causes which have
contributed to the excess of
Rupees 1002 over the original,
and Rupees 632 over the revised
estimate.

The estimated cost
of the 16th work entered in the
margin of the preceding para-
graph at Rupees 5586, instead
of Rupees 5110, which is the
amount sanctioned in G.O. No. 398,
dated 11th Feb. 1855.

No Estimate appears
to have yet been laid before
Government for the Police
Station House at Poddopady,
and no funds have consequently
been allotted for the work.

Malabar Bridge over the

Dhoby, Kallah in ^{the} road
from Manantoddy to the
Mysoor frontier. This work
is reported to have been com-
pleted at Rupees 1206 above
the sanctioned Estimate. The
circumstances under which
this large excess occurred should
be reported without delay.

Post Office at
Manantoddy. On the order
of the 8th December 1855, No. 3731,
an estimate of Rupees 3200 for this
building received the sanction
of Government, but the Superintending
Engineer was informed
that no funds could be allotted
for its erection - during the
current year. The Government
are now surprised to find
not only that the work
has been commenced without
authority but that a sum
of Rupees 888 above the
sanctioned

sanctioned estimate has been already expended, and that a further outlay of Rupees 412 will have to be incurred before the work can be completed. Colonel Walker will submit without delay a full report upon this subject for the information of Government.

The balance of the Military grant not required on this Division is Rupees 440, which will be recredited to the Reserve under "Military." This amount does not include the allotment for the Gun Powder Magazine at Cannanore regarding which separate orders ~~will shortly be issued~~ have been issued.

The allotments for the Districts comprised in the 7th Div have been increased in these orders by Rupees ^{59,555} ~~4,544~~ as follows.
