*Proceedings of the Madras Government, Revenue Department,
15th March 1866.*

No. 275. Read the following Proceedings of the Board of Revenue, dated 8th February 1866.

Read Proceedings of the Madras Government, Revenue Department, dated 29th January 1866, No. 250 :—

1. The Board entirely agree with the Consulting Engineer in opinion that except where part of a field is above the requisite level, water should be supplied only to an *entire* field.

2. They omit the epithet "survey," because many survey fields are formed by clubbing, and the interstitial fields are in the occupation of different parties. It would be unreasonable to require that all these should pay for irrigation where perhaps one only required it.

3. The Board also entirely agree in the opinion that the rules as to payment for water surreptitiously obtained should be strictly applied.

No. 276. ORDER THEREON, 15th March 1866, No. 662.

Miscellaneous.

The alterations suggested in the Board's Proceedings are approved.
