*Proceedings of the Madras Government, Public Works Department,
22nd March 1866.*

No. 471. Read the following letter from the Consulting Engineer for Irrigation and Canal Company, to the Secretary to Government, Department Public Works, dated Madras, 10th March 1866, No. 161 :—

1. I have the honor to forward, for the consideration of Government, the correspondence as per margin,* regarding the adjustment of a sum of Rupees 60, advanced a long time ago to a Mr. Bagley, who was in the Company's service as a Store-keeper on the Continent Establishment, and who was dismissed in June 1865.

2. The Agent explains that the responsibility of the non-recovery of the amount is divided between the late Chief Accountant and the management at Kur-nool, and as it appears that Mr. Bagley has lately been sentenced to penal servitude, there is no chance of the recovery of the amount from him, and I beg to recommend that it be written off to profit and loss.

3. The claim for rent of quarters does not require adjustment.

No. 472. ORDER THEREON, 22nd March 1866, No. 925.

ACCOUNT, No. 53.

Under the explanation which is afforded by the Consulting Engineer, the Governor in Council grants authority for writing off to profit and loss the advance of Rupees 60, which is reported to have been made to Mr. Bagley when in the service of the Madras Irrigation and Canal Company.

Sir,

1 In acknowledging the receipt of your letter
N^o 579 of the 21st ultimo, I have the honor to re-
quest that you will be good enough to inform me
whether the Rupees 50 therein mentioned are due
by Mr. Bagley, for rent of quarters, and if
so, whether the Building occupied is a
temporary or permanent one.

2 It appears to me that it will only be
necessary to ask the Government to sanction
the writing off to Profit and Loss of the sum
Rupees 60 advanced to Mr. Bagley and
that the house rent need not be brought into
the accounts at all.

I have the honor &c.

Yours faithfully
John Mullins, Captain R.E.
Consulting Engineer S.C.C.

To The Agent and Manager Sand C. Co.

Sir,
1 In reply to your letter No 1, 23 of the
23rd Instant, I have the honor to inform
you that it appears to me that it might lead
to inconvenient results were the Company to
abandon their claims, against persons who have
left their service, without an endeavour to
enforce them, and perhaps therefore it may be
advisable, should Mr. Bagley decline to
repay the advance which he has received and to
adjust the claim against him ^{for rent to proceed against him} in the Small
Cause Court.

2 In the Government service the officer
responsible for the non-adjustment of the
claims in proper time, would be left to use
whatever means appeared to him advisable
for the recovery of an amount for which he
would be held directly responsible. This
wholesome rule may not be applicable in
the present case, but it would be well to
make it understood for the future that

every claim against a subordinate must be recovered by the officer who has the disbursement of the pay under his control; and that in the event of the transfer of a subordinate, an officer is bound to communicate the particulars of any unadjusted claim to the officer whose Division Company will bear any loss only in the event of the rules having been fully complied with.

3. Advances should be made only under fixed rules, and their recovery should be similarly provided for. (Rent of course should be deducted from the pay of the month for which it is due, and in all cases the adjustment of every claim should be required on the responsibility of the officer who has the necessary authority and information.

4. Should it be found impracticable to recover from Mr. Baggley the sum due to the Company by him, the sanction of Government to its debit to Profit and Loss will be applied for.

I have the honor to be,
