477-478

Dated 22 - 3

1866.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department.
22nd March 1866.

No. 477. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 14th March 1866, No. 158:—

1. With reference to your Official Memorandum No. 69, of 10th instant, informing me of the small probability of an additional grant for repairs being placed at my disposal (received last evening), I have the honor to forward a revised statement of savings and proposed transfers, which I request may be substituted for that despatched on the 1st instant.

2. As it is essentially necessary to make a large proportion of the annual clearances in the months of March and April, not only in order that the navigation canals may be re-opened early in June, but that the very large amount of clearance always needed in this District may be finished before the irrigation season recommences, I have been obliged to make certain transfers from the heads of "New Works" to that of "Repairs," in order to provide funds for the purpose, and as the time now remaining before 30th April is short, I have issued instructions to the Range Officers to arrange at once for the alterations I have proposed, and I respectfully trust my doing so will meet with the approval of Government. The reason such a large expenditure on repairs is, this year, necessary, is that the damages caused by the cyclone have rendered an extraordinary outlay (notwithstanding the large sums granted by Government at the end of 1864-65) indispensable. Whilst regretting the necessity of curtailing the expenditure on "New Works" I would hope that the alterations I now propose may be considered final, as labor being limited (in the Kistna District especially) it might be found very difficult or impossible to spend at the very end of the season a larger amount than that now arranged for, or to transfer suddenly gangs of laborers from one part of the District to another.

No. 478. ORDER THEREON, 22nd March 1866, No. 928.

ACCOUNT, No. 56.

1. As the Government of India are opposed to the diversion of funds from *New Works* to *Repairs*, His Excellency the Governor in Council is unable to accord sanction to the proposals of the Superintending Engineer of the 2nd Division for supplementing the grant for Repairs under "Agricultural" by corresponding reductions in the allotments for New Works.

2. The following transfer of funds is sanctioned:—

<i>From</i>	<i>To</i>
NELLORE DISTRICT.—Repairs under "Agricultural" Rupees 2,500	KISTNA DISTRICT.—Repairs under "Agricultural" Rupees 2,500

3. The allotment for "improvements to the Jail at Masulipatam" will continue at Rupees 2,320, which is the amount sanctioned in the Proceedings of Government No. 851, dated 15th March 1866.

4. The sums which the Superintending Engineer proposes to surrender from the grants for the undermentioned works will be transferred to the Tanjore District,

in this Dist. may be finished before

Proceedings of the Madras Government, Public Works Department.
22nd March 1866.

to supplement the allotment for the re-building of the Lower Coleroon Anicut, for which Rupees 3,020 have yet to be assigned:—

KISTNA DISTRICT.—Channel from Vallabapooram to tide-water, &c., &c. Estimate Rupees 1,46,479, sanctioned in G. O. Nos. 1,405 and 3,232, dated 12th August 1856 and 6th November 1863, respectively ... Amount to be surrendered ... Rs. 1,000

Do. Channel from Dugeralla Padaravúr. Estimate Rupees 7,400, sanctioned in G. O. No. 146, dated 21st January 1857 ... Do. do. „ 500

Do. Widening the lower portion of the Pullairú. Estimate Rupees 1,04,050, sanctioned in G. O. Nos. 126 and 3,581, dated 16th January 1863 and 27th November 1865, respectively ... Do. do. „ 1,500

Sup. Engineer 2nd Div.
Colonel C. A. Orr R.E.

Secretary to Government
Sir,

With reference to your Official Memo. No. 69 of 10th instant, informing me of the small probability of an additional grant for repairs being placed at my disposal (received last evening), I have the honor to forward a revised statement of savings and proposed transfers which I request may be substituted for that despatched on the 1st instant. As it is essentially necessary to make a large proportion of the Annual Clearances in the months of March and April, not only in order that the Navigation Canals may be reopened early in June, but that the very large amount of clearance always needed in this District may be finished before

the irrigation season recommence, I
have been obliged to make certain
transfers from the heads of "new
works" to that of "repairs", in order
to provide funds for the purpose;
and as the time now remaining before
30 April is short, I have issued
instructions to the Range Officers
to arrange at once for the alterations
I have proposed, and I respectfully
trust my doing so will meet with the
approval of Government. The reasons
such a large expenditure on repairs
is, this year necessary, is that the
damages caused by the cyclone have
required an extraordinary outlay.
Notwithstanding the large sums
granted by Government at the end of
1864-65, indispensable. While
regretting the necessity of curtailing
the expenditure on "new works" I would
hope that the alterations I now
propose may be considered final,
as labour being limited, in the Kistna
District especially, it might be found
very difficult or impossible to spare

at the very end of the season a larger
amount ^{than} that now arranged for, on
to transfer suddenly gangs of laborers
from one part of the District to
another.

I have the honor to be
Sir

Yours most Obedt Servt

Geo Wms Cole

Supr Engineer
