Government of Madras.

Public Works DEPARTMENT.

G.O. No. 934	Press Min.
491-492	
Dated 23-3	1866.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department.
23rd March 1866.

No. 491. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Waltair, 5th March 1866, No. 2,668 :—

1. I have the honor to submit the Statement of re-distribution of funds called for by G. O. No. 2,907, dated 3rd October last.

Enclosures 6.

2. The Statement is prepared separately for each District, on two sheets, one for Repairs and one for New Works, in a *plus* and *minus* form, the *plus* column being for the additional grants or transfers required to meet the probable excess of expenditure over grants as they stand on this date.

3. The following is an abstract for the Division :—

	Allotment as it is on 1st March.	Probable net + or — expenditure above or below allotment.			Allotment revised to suit actual.
		New.	Repairs.	Total.	
	RS.	RS.	RS.	RS.	RS.
Ganjam	1,43,578	+13,308	— 2,540	+10,768	1,54,346
Vizagapatam	1,14,903	— 2,423	+ 337	— 2,086	1,12,817
Godavery	3,19,843	+28,104	+10,223	+38,327	3,58,170
Total, First Division ...	5,78,324	+38,989	+ 8,020	+47,009	6,25,333

4. It will be observed that the amount required for the Central Jail is less than I expected on the 29th January. This is due, first, to the loss of time caused by the suspension of the Supervisor in charge of the Range, (see my Report, dated 23rd ultimo,) and, secondly, to the recovery in cash of advances irregularly made by the same subordinate.

5. For the wells at Berhampore I have entered Rupees 4,000, as the probable expenditure, Rupees 1,400 have been expended already; the report called for in G. O. No. 75, of 8th January 1866, will be submitted in a few days.

6. For agricultural repairs in the Godavery Rupees 1,64,000 will certainly be required to cover the actual expenditure, this is the lowest figure to which it can be kept down; a considerably larger sum ought to be spent on maintaining the irrigation, for which the Ryots now pay a fair rate per acre.

7. I have received a copy of the Controller's Statement* of expenditure up to end of January; it is incorrect as regards this Division, the correct expenditure up to the end of January being Rupees 3,51,423,* not 3,24,332.

8. I have no doubt about the complete expenditure of the sums entered in the last column of the abstract, in paragraph 3 above, for the Godavery and Vizagapatam Districts; as regards Ganjam I am not so certain. Captain Darrah's recent assumption of charge, and the famine and pestilence, may upset my calculations.

No. 492. ORDER THEREON, 23rd March 1866, No. 934.

ACCOUNT, No. 57.

1. With this letter the Superintending Engineer of the 1st Division submits Statements of New Works and Repairs, the allotments for which are not likely to be expended by the 30th April

*Proceedings of the Madras Government, Public Works Department,
23rd March 1866.*

5. Captain Ryves' attention will be drawn to the following remarks :—

SAVINGS.

6. *Ganjam*.—Bullepudra and Kurcholy road. It is presumed that the sum of Rupees 2,146 which the Superintending Engineer proposes to surrender is taken from the grant for the two works marginally noted, which are entered together in the Budget of 1865-66 as Item No. 85.

Branch road from Bullepoodra to Kurcholy to connect the proposed road from Aska to Russelcondah with roads in Cuttack.

Road from Aska to Russelcondah, *via* Bullepudra, Vishnookcheckram, and Belloogootah on the north bank of Mahanuddy river.

7. *Vizagapatam*.—Rupees 2,000 are proposed to be surrendered from the allotment for Police buildings. The Superintending Engineer will observe from the Order of the 15th instant, No. 857, that Rupees 1,062 have already been transferred to the Godavery, leaving a balance of Rupees 938, of which Rupees 863 have been diverted in these Orders to the Ganjam District. The Government are unwilling to transfer the remainder to other works until they are informed by the Inspector General of Police that the money is not required for Police buildings. Mr. Robinson will be requested to report upon this subject at an early date, and to furnish, at the same time, a Memorandum of the grants which, in his opinion, may be diverted from the Police allotments for other Districts.

8. *Godavery*.—Central Jail at Rajahmundry. It is not clear from the remarks which are entered opposite to this item whether the additional grant of Rupees 6,945, sanctioned in G. O. No. 528, dated 13th February 1866, is required. If not, Captain Ryves will report the circumstance with as little delay as possible, to admit of the transfer of the money to other works for which supplementary assignments are urgently required.

DEMANDS.

9. *Ganjam*.—Pending the receipt of the information which the Superintending Engineer was called upon to furnish in G. O. No. 75, dated 8th January 1866, no funds can be allotted for "sinking wells and enlarging tanks in Berhampore."

10. *Ganjam and Aska road*.—As no money is at present available, and as more over the balance of the estimate has been provided in the Budget of 1866-67, the expenditure upon this work during the current year should be restricted to the funds which have been already assigned to it.

11. *Vizagapatam*.—Under paragraph 90, Section II. of the Manual, it is unnecessary to allot funds for the adjustment of the excesses over the appropriations to the works noted in the margin.

District Moonsiff's Court House at Bimlipatam.
Improvements to the Session Court at Vizagapatam.
Buttresses to do.

12. *Godavery*.—The Superintending Engineer will observe from the Order of the 15th instant, No. 857, that the additional grant (Rupees 1,062) which is required for Police buildings has been placed at his disposal by transfer from the allotment for Vizagapatam.

13. Works of Irrigation and Navigation in the Central Delta. Of the sum* which is stated to be required for this work, Rupees 1,617 have been granted, and the Superintending Engineer will be good enough to expedite the submission of the supplemental estimate which is now under preparation.

* Rupees 1,634.

*Proceedings of the Madras Government, Public Works Department.
23rd March 1866.*

14. The amount which is available, under these Orders, for transfer to other Districts, is Rupees 1,774, viz., Rupees 29 under "New Works," and Rupees 1,745 under "Repairs." Sanction is granted for the former of these sums being re-credited to the Reserve under "Military," and for the appropriation of the latter to supplement the allotment for repairs under that head in Bangalore.

15. The works not specially noticed above for which it has been found impracticable to allot the funds applied for by the Superintending Engineer, in whole or in part, are noted below. Captain Ryves will be careful to see that the outlay in his Division is restricted to the actual available funds, and that the whole of the money now at the disposal of his Executive Officers is fully utilized :—

16. The transfers and appropriations of funds sanctioned in these Proceedings reduce the grants for the 1st Division by Rupees 101, as shown in the margin.

17. The Statements under review should have been prepared in strict accordance with the forms circulated with G. O. No. 5, dated 3rd December 1864.

Sir,

Encl:

I have the honor to submit the
Statement of redistribution of funds
called for by G. O. N^o 2907 dated 3rd
October last.

2. The Statement is prepared se-
parately for each District on two sheets
one for Repairs and one for New works
in a plus & minus form the plus column
being for the additional grants or trans-
fers required to meet the probable ex-
cess of expenditure over grants as
they stand on this date.

3. The following is an abstract for the Division:—

allotment. Probable net + or as it is — expenditure above or below allotment. revised on 1st or below allotment. to suit march. New Repairs Total actual.

Rs. Rs. Rs. Rs. Rs.

Sanjam	143,578	+13,308	-2,540	+10,768	164,346
Airagapatam	114,903	-2,423	+337	-2086	112,817
Godavery	319,843	+28,104	+10,223	+3837	358,170
Total 1 st Div.	578,324	+38,989	+8,020	+4,009	6,25,333

4. It will be observed that the amount required for the Central Jail is less than I expected on the 29th January. This is due first to the loss of time caused by the suspension of the Supervisor in charge of the Range (see my Report dated 23rd ultimo) and secondly to the recovery in cash of advances irregularly made by the same subordinate.

5. For the Wells at Berhampore, I have entered

entered Rs. 4,000 as the probable expenditure Rs. 14,000 have been expended already the report called for in G.O. No. 75 of 8th January/06, will be submitted in a few days.

6. For Agricultural repairs in the Godavery, Rs. 1,64,000 will certainly be required to cover the actual expenditure. This is the lowest figure to which it can be kept down — a considerably larger sum ought to be spent on maintaining the irrigation for which the Ryots now pay a fair rate per acre.

* in Proceedings of 26th ultimo.

7. I have received a copy of the Controller's Statement of expenditure up to end of January. It is incorrect as regards this Division the correct expenditure up to the end of January being Rupees 3,57,423* not 3,24,332.

8. I have no doubt about the complete expenditure of the sums entered in the last column of the abstract in para 3 above, for the Godavery & Airagapatam Districts.

Godavery - Central Jail at
Rajahmundry - It is not
clear from the remarks
which are entered opposite
to this item whether the
additional grant of Rs. 8945
sanctioned in G. O. No 528, dt.
13. February 1888, is required.
If not, Capt. Ryner will
report the circumstance
with as little delay as possi-
ble, & admit of the transfer
of the money to other works
for which supplementary
assignments are urgently re-

Demands
Gaujam - Pending the receipt of the information which the Shipper Ever has way called upon to furnish in L.O. No 75, dated 8 June 1866, no

funds can be allotted for sinking wells and enlarging tanks in Berhampore. Gauhati and Aska Road. As no money is at present available, and as moreover the balance of the estimate has been provided in the Budget of 1866/67, the expenditure upon this work during the current year should be restricted to the funds which have been already assigned to it.

10. Vijayapattam - Under para 90, Section II of the Manual, it is unnecessary to allot funds for the adjustment of the excesses over the appropriations to the works noted in the margin.

11. Godavery - The Supergr will observe from the order of the 15th Instant, 1865, that the addl grant (Rs 1062) which is required for Police Buildings has been placed at his disposal by transfer from the allotment for Vijayapattam.

12. Works of Irrigation and Navigation in the Cauhati Delta - Of the sum which is stated to be required for this work, Rs 1617 have been granted, and the Supergr will be good enough to expedite the ~~supp~~ submission

13. The amount which is available, under these orders, for transfer to the Dto, is Rs 17747 Rs 29 under "New Works" and Rs 1745 under "Repairs". Some ten Rs granted for the funeral of these sums being re-credited to the Reserve under "Military" and for the better appropriation of the latter to supplement the allotment for repairs under that head in Bangalore.

14. The works not specially noticed above for which it has been found impracticable to allot the funds applied for by the Supergr, are noted below. Capt. Pynes will be careful to see that the outlay in his Dn is restricted to the actual available funds, and that the whole of the money now at the disposal of his Executive Officers is fully utilized -
