*Proceedings of the Madras Government, Public Works Department,
23rd March 1866.*

Read the following letters :—

No. 493. From the Superintending Engineer, 1st Division, to the Secretary to Government, Public-Works Department, dated Waltair, 12th March 1866, No. 2,792.

1. By your telegram, dated 1st instant, I was ordered to transfer Rupees 940 from the (3,400 Rupees) grant for Barrack in Sowrah Maliahs to other service in the Ganjam Maliahs. Rupees 2,250 having been already expended (to 1st February) on iron roof, timber trusses, &c., there remains only Rupees 210 for construction of walls and doors and putting up roof.

2. This is of course insufficient. I have, therefore (while carrying out the order to transfer 940 Rupees to other service), directed the Executive Engineer to issue advances to the local Police officer in charge of the Wodasaul Barrack up to Rupees 1,000, including advances and expenditure since 1st February.

3. If necessary, I will, early in April, point out a source whence the excess can be met.

No. 494. From the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Waltair, 13th March 1866, No. 2,812.

1. Mr. Lever reports that cholera and famine have very much disorganized his working parties, and that he anticipates that the expenditure on the Karcholy road will fall short of the grant Rupees 15,000.

2. I have, therefore, the honor to recommend the transfer of Rupees 1,500 from the above grant to Police buildings in the Ganjam Maliahs, in lieu of the transfer ordered in G. O. dated 7th instant, No. 760, which I have, in my letter dated yesterday, shown will leave the Vizagapatam Police officer without funds for the Wodasaul Barrack.

No. 495. ORDER THEREON, 23rd March 1866, No. 935.

ACCOUNT, No. 58.

1. The appropriation of funds which was sanctioned in the latter part of paragraph 3 of the Order of the 7th instant, No. 760, will be considered cancelled, and the entire allotment for the Barrack at Puttalsinghi will be at the credit of the Barrack under construction at Wodasaul.

2. On the recommendation of the Superintending Engineer of the 1st Division, the following transfer of funds is sanctioned. It will be understood that this transfer is irrespective of that which has been separately authorized from the allotment for the Kurcholy road to the works noted in the margin:—
