Proceedings of the Madras Government, Public Works Department.
23rd March 1866.

No. 518. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Cuddalore, 9th March 1866, No. 98:—

South Arcot 4 Statements.
Bangalore 4 do.
Salem 4 do.

With reference to G. O. No. 2,907 of the 3rd October 1865, I have the honor to forward the Statements showing the re-distribution of funds in the 5th Division.

No. 519. ORDER THEREON, 23rd March 1866, No. 946.

ACCOUNT, No. 61.

1. The letter above recorded gives cover to Statements of "Savings and Demands" in the 5th Division. The following Memorandum exhibits the amount which is available for transfer in each District:—

		18,415
	do.	500

District.	Work.	Amount granted.
To	*New Works.*	Rs.
Bangalore ...	Do.	18,415
Do. ...	Do.	500

STATEMENT No. I.

4. *Salem.*—The allotment for Minor New Works under "Communications" and "Civil Buildings" is given at Rupees 250 and 400 respectively, instead of Rs. 163 and 487. The amount which is available for transfer from each of these heads is therefore Rupees 18 and 97 respectively, and not Rupees 105 and 10 as entered in the Superintending Engineer's Return.

See G. O. No. 673, dated 27th February 1866.

5. Rupees 400 are proposed to be surrendered from the grant for Police Buildings. Colonel Foord will observe from G. O. No. 592, dated 20th February 1866, that Rupees 1,800 have been transferred from this allotment to the Coimbatore District, so that the balance remaining to the credit of the Salem District is only Rupees 2,200, or Rupees 1,400 less than the computed outlay during the year as shown in the Superintending Engineer's Return.

6. The estimated cost of the Oossoor and Maloor road is entered at Rs. 7,200, instead of Rupees 8,320, which is the amount sanctioned in the Order of Government No. 262, dated 27th January 1865.

7. *Bangalore.*—Plunge Bath for the Sappers and Miners. In surrendering Rupees 1,800 from this allotment, Colonel Foord appears to have lost sight of the amount (Rupees 500) which was transferred to the Married Quarters of the Sappers and Miners in G. O. No. 818, dated 12th March 1866. The actual sum which may now be diverted is therefore Rupees 1,300.

STATEMENT No. II.

8. The allotments, as entered in the Superintending Engineer's Statements, do not, in some cases, agree with the books of this office. To save time, however, the Superintending Engineer's entries have been adopted, but Colonel Foord will be careful to see that the outlay under each head is on no account exceeded, and that all available funds are fully utilized.

STATEMENT No. III.

9. *South Arcot.*—Court House at Manjacoopam. The Superintending Engineer applies for an additional grant of Rupees 4,979, which, added to the outlay* up to 30th April 1865, and to the current year's allotment,† gives a total of Rupees 48,780, or Rupees 114 in excess of the expenditure which was reported in Colonel Foord's letter No. 79, dated 17th February 1866. This difference should have been explained.

* Rupees 36,282.
† Rupees 7,519.

10. *Bangalore.*—The sum of Rupees 500, which is applied for on account of the Married Quarters of the Sappers and Miners, was sanctioned in G. O. No. 818, dated 12th March 1866.

11. The estimate for the Cemetery of Saint John's Church at Bangalore should be submitted at an early date. The Superintending Engineer will report whether the General Cemetery, referred to in G. O. No. 3,255, dated 30th October 1865, is being enclosed, and if so, why no provision for the outlay has been made in the Statements under review.

12. *Salem.*—The Superintending Engineer has made no provision for the construction of the Lock-up at Sooramangalam, which was ordered* to be proceeded with, in anticipation of an allotment of funds later in the year. His Excellency in Council now resolves, with reference to that Order, to allot a sum of Rupees 1,808 for the work from the Reserve under "Civil Buildings," and to request the Superintending Engineer to report whether a further grant is likely to be required before the 30th proximo.

* See G. O. No. 677, dated 28th February 1866.

STATEMENT No. IV.

13. *South Arcot.*—Rupees 5,160 are applied for, to admit of the repair of the roads which were damaged by the storm of the 26th November 1865. The Government regret that they are unable to allot a larger sum than Rupees 2,227 for this purpose.

14. *Bangalore.*—Rupees 11,750 are shown to be required for the repair of Military Buildings. Rupees 4,055† have been already allotted for this purpose, by transfers from other Districts, and a further sum of Rupees 581 is placed at the Superintending Engineer's disposal in these Proceedings.

	Rs.
† From the 3rd Division	2,310
Do. 1st do.	1,745
	4,055

15. The sum of Rupees 974, which is surrendered from the allotment for "Tools and Stores," will be transferred to the Kistna District, for appropriation to *Repairs* under that head.

(True Extract.)
(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 5th Division.
" Do. do. 2nd do.

Bangalore	Constructing Gaol Bakery Estimate will be considered by Govt shortly	18415
do	Cemetery for the ~~District~~ ~~Cliff for Pensioners~~ of St Johns Church - Estimate will be considered by Govt shortly	500

Statement No 1

4. Saltan "The allotment for Irrigation Works under "Communications" and "Civil Buildings" is given at Rupees 250 and 400 respectively, instead of Rs 163 and 487. The amount which is available for transfer from each of these heads is therefore Rs 18 and 99 respectively and not Rs 105 and 10 as entered in the Superintending Engineers' Return-

See Gove No 673. of 27th February 1866.

5. Rupees 400 are proposed to be surrendered from the Grant for Police Buildings - Colonel Food will observe from G. Ore 592, dated 20th February 1866, that Rs 1800 have been transferred from this allotment to the Coimbatore District, so that the balance remaining to the credit of the Salem District is only Rs 2200, or Rs 1400 less than the computed outlay during the year, as shewn in the Superintending Engineers Return

6. The estimated cost of the Ootacoor and Malloor road is entered at Rs 7200 instead of Rs 8320 which is

the amount sanctioned in the order of Government No 262 dated 27th January 1865 for Bangalore Plunge Bath for the Sappers and Miners. In surrendering Rs 800 from this allotment, Colonel Food appears to have brought to account Rs 800 which of the amount Rs 1800 was transferred to the Married Quarters of the Sappers and Miners in G. Ore No 885, of 12th March 1866. The actual sum which may now be divided is therefore Rupees 1300.

Statement No III

8. The allotments as entered in the Superintending Engineers Statements, do not in some cases, agree with the Books of this Office.

To

To save time however the Superintending Engineer's entries have been adopted, but Colonel Foord will be careful to see that the outlay under each head is on no account exceeded and that all available funds are fully utilized.

Statement No III

9. Cuddapah. Court House addition. The Superintending Engineer applies for an additional grant of Rs 4979, which, added to the outlay up to 30th April 1865 and to the current year's allotment gives a total of Rupees 48780, or Rupees 114 in excess of the Expenditure which was reported in Colonel Foord's letter No 79, dated 17th February 1866. This difference should have been explained.

10. Bangalore. The sum of Rupees 500 which is applied for

* Rs 36282

* Rs 7589

for on account of the married Quarters of the Sappers and Miners was sanctioned in Go No. 895 dated 22nd March 1864. The estimate for the Cemetery of St Johns Church at Bangalore should be submitted at an early date. The Superintending Engineer will report whether the General Cemetery referred to in Govt No 3255 of 30th October 1865, is being enclosed, and if so why no provision for that outlay has been made in the Statements under review.

12. Salem. The Superintending Engineer has made no provision for the construction of the Lock up at Sooramungalam, which was ordered to be proceeded with, in anticipation of an allotment of funds

See Govt No 177 of 28th February 1866.

funds taken in the year. His Excellency in Council now resolves, with reference to that order, to allot a sum of Rs. 1828 for the work from the Reserve under "Civil Buildings" and to request the Superintending Engineer to report whether a further Grant is likely to be required before the 30th proxmo.

Statement No. IV

13. South Arcot. Rupees 5160. are applied for, to assist in the repair of the roads which were damaged by the Storm of the 26th November 1865. The Government regret that they are unable to allot a larger sum than Rs 2227 for this purpose.

14. Bangalore. Rupees 11,750 are shown to be required for the repair of Military Buildings. Rupees 4055 have been already allotted, for this purpose by transfer from other Districts, and a further sum of Rs 581 is placed at the Superintending Engineer's disposal in these Proceedings.

From the 3d Do. — 2,310
— Do — 1st Do. — 1,745
4,055

15. The sum of Rs 974 which is surrendered from the allotment for "Tools & Stores" will be transferred to the Nilgiris District, for appropriation to Repairs under that head.
