*Proceedings of the Madras Government, Public Works Department,
23rd March 1866.*

No. 524. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coonoor, 12th March 1866, No. 238 :—

1. Every visit to Cannanore having impressed me more and more with the necessity for a Range and Overseer's Office at that station, I have caused the accompanying plan and estimate* of

* No. 87 of 1865-66.

Rupees 1,800 to be drawn up, which

I strongly recommend for sanction, and

provision of funds, from the Reserve of 1866-67. I am obliged to insist on the Range Officer and Overseer doing their office work in a public building, accessible to the contractors and workmen with whom they have to do; otherwise I have seen such work carried on at the remotest corner of the Cantonment, to the great delay of public business.

2. Hitherto I have been able to get my orders carried out by appropriation of portions of unfinished buildings in progress, as additions to the accommodation for European Troops, but these will all be completed and handed over by the monsoon. It is therefore an absolute necessity that independent accommodation be provided next year, which will be a busy one with the new Artillery Barracks and Jail to take in hand. The Brigadier General Commanding Malabar and Canara has been pleased to approve of the very central site selected by me.

No. 525. ORDER THEREON, 23rd March 1866, No. 949.

CIVIL WORKS, No. 62.

Cannanore being a large and important Military Station, it is very desirable that a suitable building

should be provided for the accommodation of the Office and Stores of the Cannanore Range, and for that of the Cantonment Overseer. The Government accordingly sanction the estimate of Rupees 1,800, which is submitted by the Superintending Engineer of the 7th Division with his letter above recorded, and they will be prepared, after the 1st May next, to allot funds for the execution of the work from the Reserve of 1866-67.

Sir,

Encls: 2.- Every visit to Cawnpore having impressed
me more and more with the necessity for
a Range and Overseer's Office at that
station, I have caused the accompanying
Plan and Estimate of Rs. 1000 to be drawn
up, which I strongly recommend for sanc-
tion, and provision of funds from the
Reserve of 1866-67. I am obliged to insist
on the Range Officer and Overseer doing
their office work in a Public Building
accessible to the Contractors and workmen
with whom they have to do. - Other-
wise I have seen such work carried on
at the remotest corner of the Cantonment
to the great delay of public business -
2. Hitherto I have been able to get my
orders carried out by appropriation of
portions of unfinished Buildings in progress
as additions to the Accommodation for Euro-
pean Troops; but these will all be com-
pleted and handed over by the Monsoon.
It is therefore an absolute necessity that
independent accommodation be provided
next year, which will be a busy one with
the New Artillery Barracks and jail to take
