MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. 952	Press Mis.
530-531	
Dated 23-3-1866.	

Not to be folded or roughly handled

**Proceedings of the Madras Government, Public Works Department,
23rd March 1866.**

No. 530. Read the following letter from the Superintending Engineer of the 4th Division :—

Submitting certain proposals for the re-distribution of the funds allotted to his Division. (Here enter No. — dated 28th Feb. 1866.)

No. 531. ORDER THEREON, 23rd March 1866, No. 952.

ACCOUNT, No. 64. 1. The Statements above recorded exhibit the New Works and Repairs in the 4th Division, the allotments for which are not likely to be expended by the 30th April next, and those for which additional funds are required.

2. The actual amount which is available for re-distribution is Rupees 24,963, as hereafter explained, and not Rupees 29,732, as shown in the Superintending Engineer's Returns.

Do. 16 do. to do. Estimate Rupees 220 do. ...		
Do. Calingulah to do. Estimate Rupees 600 do. ...		
Compensation for land purchased in the North Arcot District. Estimate Rupees 307, sanctioned in G. O. No. 95, dated 9th January 1866 ...	307	Communications.

6. Colonel Boileau's attention will be drawn to the following remarks:—

7. All savings and demands being less than 10 Rupees each have been excluded from the distribution which is sanctioned in these orders.

STATEMENT NO. I.

Allotment ...	Rs.
Probable expenditure up to 30th April 1866 ...	20,000
Deduct amount transferred in G. O. No. 571, dated 17th February 1866 ...	2,190
Proposed to be transferred in letter No. 4,232, dated 23rd February 1866 ...	1,930
Balance...	24,120
	5,880

8. *Madras*.—The sum which is available for transfer from the allotment for the Reserve Powder Magazine at Saint Thomas' Mount is Rupees 5,880, as shown in the margin.

9. *North Arcot*.—As the grant of Rupees 3,700 for the Civil Dispensary at Chittoor was made from the *Civil Budget*, no portion of the money can be appropriated to other Public Works.

STATEMENT NO. II.

10. *North Arcot*.—The allotment under the head "Communications" is shown without any deductions on account of the transfers to the head of Establishments which were sanctioned in G. O. No. 83, dated 9th January 1866.

STATEMENT NO. III.

11. *Presidency*.—The estimate for the construction of a verandah around the principal ward of the Triplicane Dispensary has been referred to the Public Department, with reference to the ruling of the Government of India that charges for the construction and repair of Dispensaries shall be met from *Dispensary funds*.

12. The sum of Rupees 225 which is required for the completion of the gravelling of the enclosure of the new Stamp Office, &c., has been provided, but the Superintending Engineer is requested to explain under what circumstances the work, which is estimated to cost Rupees 500, has been undertaken without the sanction of Government.

Proceedings of the Madras Government, Public Works Department.
23rd March 1866.

13. The estimates noted in the margin appear to have been sanctioned on emergency by the Superintending Engineer. The Government fail to see any satisfactory reasons for the commencement of the works without their sanction, and they request that Colonel Boileau will report fully upon the subject at an early date.

14. The object of the grant of Rupees 20, which is applied for on account of the erection of a self-acting tide gauge at the Madras Pier is not apparent, as the full amount of the estimate was placed at the Superintending Engineer's disposal in 1864.

15. There are no funds available to supplement the allotment for the works at the People's Park.

16. *Madras District*.—Rupees 345 are required in excess of the sanctioned estimate for the construction of a Tealery at Guindy Park. The amount has been allotted, but full explanation of the causes of excess should be submitted for the information of Government.

17. *Cricket ground at Saint Thomas' Mount.* The estimate for the first of these works is now before Government, that for the second should be forwarded at an early date.

18. Pending the receipt of the information which has been called for in G. O. No. 745, dated 6th March 1866, no money will be granted for the road from Arconum to Conjeeveram.

19. *North Arcot*.—The sums which have been applied for and granted on account of the works noted in the margin are slightly in excess of the sanctioned estimates. The Government hope that the Superintending Engineer has satisfied himself of the necessity for the additional grants.

20. The amount which is available under these orders for transfer to other Districts is Rupees 4,877, as shown in the margin. Sanction is granted, in anticipation of the approval of the Government of India, for this amount being appropriated to supplement the assignment to the Coimbatore Jail, for which Rupees 16,123 have yet to be allotted.

21. The grants for the 4th and 7th Divisions have been increased, under these orders, by Rupees 20,468 and 4,877 respectively.

22. The new works and heads of repair, not specially noticed above, for which the Government have been unable to allot any portion of the grants applied for by the Superintending Engineer of the 4th Division, are as follows. Colonel Boileau will be careful to see that the outlay in the Districts under his charge is restricted

Proceedings of the Madras Government, Public Works Department.
23rd March 1866.

to the actual available funds, which the Government expect will be *fully* utilized :—

Colonel Boileau's

attention will be drawn to
the following remarks

All savings
and Demands being less than
10 Rupees each have been
excluded from the distribu-
tion which is sanctioned
in these orders

Statement No. I

Madras.

Alotment 30000
Probably expended up
to 31st April 1866 . . . 20000
Deduct amount trans-
ferred in 1st April 1866
dated 17th Feb 1866 . . 2120
Proposed to be trans-
ferred in 1st April 1866
dated 23rd Feb 1866 . . 1930
1866-1930 24120
Balance 5880

The sum which
is available from the allotment
for the Reserve Powder Magazine
at Saint Thomas' Mount is
Rupees 5,880, as shown in the
margin.

North Arcot.

As the grant of
Rupees 3700 for the Civil Dis-
pensary at Chittoor was made
from the Civil Budget, no
portion of the money can
be appropriated to other
Public Works.

Statement No. II

North Arcot.

The allotment
under the head Communications
is

is shown without any deductions on account of the transfers to the head of Establishments which were sanctioned in G. O. No. 83, dated 9 January 1866.

Statement No. III

Presidency. The Estimate for the construction of a verandah around the principal ward of the Dispensary has been referred to the Public Department with reference to the ruling of the Government of India that charges for the construction and repair of Dispensaries shall be met from Dispensary Funds.

The sum of Rupees 225 which is required for the completion of the gravelling of the enclosure of the new Stamp Office has been provided, but the Superintending Engineer is requested to

Constructing cast iron railings on granite breast wall in front of the new Stamp Office.
Extending the Palisading in front of the Sea Customs House.

to explain under what circumstances the work, which is estimated to cost Rs. 560, has been undertaken without the sanction of Government.

The Estimate note in the margin appears to have been sanctioned on emergency by the Superintending Engineer. The Government fail to see any satisfactory reasons for the commencement of the works without their sanction, and they request that Colonel Bailey will report fully upon the subject at an early date.

The object of the grant of Rupees 20, which is applied for on account of the erection of a self acting Tide gauge at the Madras Pier is not apparent, as the full amount of the estimate was placed at the Superintending Engineer's disposal in 1864.

There are no funds available to supplement the allotment for the works at

at the Peoples Park

Madras St. Rupees 345 are required in excess of the sanctioned estimate for the construction of a Fealery at Guindy Park. The amount has been allotted, but full explanation of the causes of excess should be submitted for the information of Government. —

Cricket ground at St. Thomas' Mount.
Soldiers' gar. den at Palaveram. } The Estimate for the first of these works, is now before Government, that for the second should be forwarded at an early date.

Pending the receipt of the information which has been called for in G.O. No. 745, dated 6th March 1866, no money will be granted for the Road from Arcotum to Conjeerav.

North Arcot. The sums which have been applied for and granted in account of the works noted in the margin are slightly in excess of the sanctioned estimates. The Government hope that the Superintending Engineer has satisfied himself of the necessity for the additional grants.

The amount which is available under these orders for transfer to other Districts is Rupees 4,877, as shown in the margin. Sanctions is granted, in anticipation of the approval of the Govt. of India, for this amount being appropriated to supplement the assignment to the Coimbatore Jail, for which Rupees 16,123 have yet to be allotted.

The grants for the 1st and 7th Divisions have been increased, under these orders, by Rupees 20,468 and 4,877 respectively. The

The new works and heads of repair, not specially noticed above, for which the Government have been unable to allot any portion of the grants applied for by the Superintending Engineer of the 4th Division are as follows. Colonel Boileau will be careful to see that the outlay in the Districts under his charge is restricted to the actual available funds, which the Government expect will be fully utilized.
