**Proceedings of the Madras Government, Public Works Department,
26th March 1866.**

No. 570. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Madras, 14th March 1866, No. 4,509 :—

From P. COOMARASAMY MOODELLIAR and P. RUNGASAWMY PILLAY, to the Superintending Engineer, 4th Division, dated Madras, 13th March 1866.

1. We the undersigned most respectfully beg to bring to your notice that we belonged to the Office of the late Northern Range, Presidency, where we were on the receipt of salaries of Rupees 40 and 30 respectively.

2. In the amalgamation of the Fort and Northern Ranges recently sanctioned by Government, an immediate reduction of Rupees 82 is to be effected by dispensing with the following hands in the old Northern Range :—

1 Accountant and Estimator	...	...	...	RS.
1 Do.	do.	...	...	40
2 Peons	...	...	...	30
				12
				—
				82

3. We beg to state that we have been selected as the hands to be thrown out of the Northern Range Office, and to be transferred to that of the Superintending Engineer's; but as in the additional appointments sanctioned for your honor's office there are only a 30, 25, and 20 Rupees, we will lose by the transfer 10 and 5 Rupees respectively. We, therefore, most earnestly beg to solicit your honor will be pleased to take our case into your kind consideration, and strongly recommend to Government that we be allowed to draw our former instead of the reduced salaries now sanctioned.

4. We are emboldened to solicit this favor at your honor's hands from the fact that your honor has already recommended, and the Government have acceded to the recommendation that the Assistant Accountant, Assistant Draughtsman, and Assistant Estimator in the new Range should continue to draw the salaries they heretofore received as heads of those respective Departments in the old Northern Range.

5. Your honor was pleased to recommend three additional hands being sanctioned for the Superintending Engineer's Office on Rupees 40, 30, and 25, but the Government having reduced the 40 to 20 Rupees have rendered it impracticable for you to provide for us according to our former salaries, but this we venture to think was not intentional on the part of Government, for it can hardly be supposed that they intended to be generous with *four* and hard with *two* of the suffering members of the late Northern Range Office.

Submitted to Government for favorable consideration.
