577-579	Mis.
Dated 26—3.	1866.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
26th March 1866.*

Read the following papers:—

No. 577. From the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Cuddalore, 10th March 1866, No. 103.

1. I have the honor to report that the sum allowed for the petty establishment at Bangalore, Rupees 1,764, is quite inadequate. That sum was entered in a statement forwarded to the Controller by my predecessor in March 1865, but many additional buildings have been sanctioned since then, and besides, no provision was made in the statement for the salary of the Mechanical Engineer, required at the Ulsoor Water Works.

2. The cost of the establishment monthly is about 500 Rupees, or for the year Rupees 6,000, and this latter sum is 3 per cent. on the current year's outlay at Bangalore. I request, therefore, that the Controller may be authorized to pass the salary bills of the Bangalore petty establishment, and I beg to suggest that the excess above the amount sanctioned may be met from the savings in other Districts.

Referred to the Controller of Public Works Accounts for report, as to whether the cost of the petty (extra) establishments which are stated to be required for the works at Bangalore can be met from the allotment for "Establishments."

No. 578. From the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 15th March 1866, No. 3,617.

With reference to the letter from the Superintending Engineer, 5th Division, No. 103, dated 10th instant, forwarded for my report, I have the honor to state that having already reported to Government in my letter No. 3,291, dated 23rd February last, of a saving of 50,000 Rupees in the current year on account of Establishments, the extra charge on account of petty establishments for the works at Bangalore can be met from the general saving at the end of the year.

No. 579. ORDER THEREON, 26th March 1866, No. 974.

ESTABLISHMENT, No. 53.

The Superintending Engineer of the 5th Division is requested to furnish a revised statement of the petty (extra) establishments which are likely to be required at Bangalore during the current and ensuing official year, showing the works for which they are to be maintained, and the corresponding reductions to be made in the estimates. Pending the receipt of this statement, the Controller of Public Works Accounts is authorized to pass the salary bills of the petty establishments in question against the general allotment in Part IV. of the Budget.
