*Proceedings of the Madras Government, Public Works Department.*  
26th March 1866.

No. 601. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 6th March 1866, No. 3,417:—

In forwarding the Statement of lands held by members of the Public Works Department, compiled from the Returns received from local Officers, as requested in G. O. No. 50, dated 9th January 1865, I have the honor to explain that the delay in its submission is owing to this Office having, in many instances, to write to Superintending Engineers for information required by the rules laid down, more especially as to the opinion of Collectors regarding lands being held by particular individuals within the Ranges or Taluqs in which they are employed. The information required from the Superintending Engineer, 3rd Division, was received in this Office on the 2nd instant.

No. 602. ORDER THEREON, 26th March 1866, No. 986.

ESTABLISHMENT, No. 55.

1. With this letter the Controller of Public Works Accounts submits the General Statement which was called for in the Proceedings of Government, under date the 9th January 1865, No. 50, of lands held by members of the Public Works Department.

2. The Superintending Engineers of the 1st, 2nd, 3rd, 4th, 5th, 6th, and 8th Divisions will report without delay, with reference to the Orders of Government, No. 741, dated 17th March 1865, why the undermentioned Subordinates continue to be employed in the Taluqs in which their lands are situated:—

3. It is observed that the land held by Taluq Overseer M. Comarauze in the Ganjam District is *not* within his charge.

4. As the Collector of Nellore considers that the continued employment of Taluq Overseer Sashiah in the Nellore Range is undesirable, owing to the considerable quantity of land which that Subordinate's brother is believed to hold there, Colonel Winscom will arrange for his early transfer to another charge.

5. The Controller of Public Works Accounts will be careful to see that in future returns submitted by the Superintending Engineers, information is afforded, in each case, as to whether the lands specified are situated *within* or *without* the limits of the charge of the party concerned. In the former case, explanation should invariably be afforded as to why the Orders of Government of the 17th March 1865, already quoted, have not been carried out.

It is observed that the  
land held by Talook Overseer  
M. Comarauze in the  
Ganjam Dist is not within  
his charge.

As the Collector of  
Nellore considers that the  
continued employment of  
Talook Overseer Gashiah in  
the Nellore Range is unde-  
sirable, owing to the con-  
siderable quantity of land  
which that Subordinate's  
brother is believed to hold  
there, Col. Wanscom will  
arrange for his early trans-  
fer to another charge.

The Controller of P. & A.  
Accounts will be careful to  
see that in future returns  
submitted by the Super Engrs,  
information is afforded, in  
each case, as to whether  
the lands specified are  
situated within or without  
the limits of the charge of the  
party concerned. In the  
former case, explanation  
should invariably be given  
as to why the order  
of the 17<sup>th</sup> March 18  
is not  
obeyed.
