No. 436. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Madras, 14th May 1866, No. 165:—

Read the following letter from the Sub-Collector in charge of North Arcot, to the Superintending Engineer, 4th Division, dated Chittur, April 1866, No. 150.

1. Adverting to your letter of the 13th instant, No. 4,891, I have the honor to inform you that eleven of the sixteen estimates, received with your letter of the 3rd January last, No. 3,417, have been sent to the Zemindar of Karvetnaggar, with request that he will be so good as to cause the tanks for the repair of which the estimates have been framed to be put in order at once. This request has since been again pressed.

2. Of the five remaining estimates which you say concern the Circar tanks, three noted in the margin have been forwarded to the Karakambadi Poligar, as it was found that they referred to tanks within his estate. The Poligar has been requested to have the tanks repaired with the least practicable delay.

3. The remaining two estimates provide for the repair of Government tanks in the Wallaja Taluq. The Tahsildar was directed on the 6th instant to forward the usual Ayacut statements for these tanks, on receipt of which the estimates will be returned to you at once.

Submitted to Government for information, in continuation of letter from this Office No. 5,186, 28th April 1866, read in Proceedings of Government of the 7th May 1866, Order No. 1,469.
