Sir.

With reference to your Memo N^o 5135 dated 27th April 1866. I have the honor to report that the privy complained of by Captain Edgcomb is an uncovered enclosure the door being unprovided with any lock. This enclosure appears to be used by the public as a privy and is in a filthy state.

2 If Captain Edgcomb requires a privy for his Office I should recommend his applying for a new one the enclosure referred to is too large for the purpose and should be pulled down altogether.

I have the honor to be
