Dated 21-5-	18 66.

Not to be folded or roughly handled

21st May 1866.

No. 519. Read the following letter from the Municipal Commissioners for the Town of Madras, to the Secretary to Government, Department Public Works, dated Madras, 4th May 1866 :—

1. We have the honor to solicit the consideration of Government to the Order of Government, No. 127, dated 14th January 1865, postponing the execution of certain works necessary to complete the arrangements consequent on the transfer of the wild animals belonging to the Museum, from the compound of that institution to the People's Park.

2. Government having at a subsequent date transferred the charge and maintenance of the People's Park to the Municipal Board, and having also recently approved of a proposition to construct a new Terminus Station of the Railway on the east bank of the canal, we abstain from soliciting a grant of the amounts of the estimates for an iron suspension bridge No. 1, and for the incidental expenses particularized under Nos. 8 and 10, 11, 12, and 13.

3. But we respectfully beg a consideration of the remaining estimates, Nos. 2, 3, 4, 6, and 7, being solely needed for the proper care of the animals, the property of the Museum, kept for greater convenience in the People's Park, and Nos. 5 and 9, being for works to complete the original plans of the Park, and therefore admissible charges under the rulings of the Supreme Government.
