No. 523.

Dated 21st May 1866, No. 1,624.

ESTABLISHMENT, No. 49.

The attention of the Governor in Council has been drawn to a statement in one of the public Journals, the correctness of which has been ascertained, to the effect, that Major Shaw Stewart, Acting Consulting Engineer for Railways, has been appointed by the Director of Public Instruction to the office of Curator of the Government Book Depot in succession to Captain Obbard. It appears to His Excellency in Council that the duties of these two appointments are scarcely compatible. The duties of the Consulting Engineer for Railways require that he should leave the Presidency on tours of inspection from time to time, while the duties of the Curator of the Book Depot render it necessary that he should attend at his Office daily. The Governor in Council directs that a communication to the above effect shall be made to Major Shaw Stewart.
